

# YOUTH ENRICHMENTS

## AFTER SCHOOL ART CLUB

WITH JOY OF CREATIVITY ☞

Discover the playfulness of Picasso, the vision of O'Keeffe and the musicality of Kandinsky's paintings. Using ideas from famous artists, we will explore our individual style as we learn from the masters! This mixed media class uses watercolors, tempera paints, oil pastels, and more! New projects each session!

## AMAZING ART

WITH SUNSHINE ARTS & CRAFTS ☞

Amazing Art combines all of your favorite art projects and mixed media into one unique class. Kids will make tie-dye shirts (art smocks for the session), paint pottery, create fired ceramic arts, use acrylics, do recycled art projects, and more. Lessons will include concepts and techniques kids can use for a lifetime and the experience of creating awesome projects will result in great self-esteem and a sense of accomplishment. All new lessons for every session. No class: February 16.

## AMAZING MINDS ☞

Go on an incredible journey after school! Discover countries near and far, land and water animals, rocks and minerals, and stormy weather. Learn to use tools like microscopes and geology kits to solve problems. Engage in science experiments where you dissect owl pellets, wear prism glasses, and make raisins bounce.

## BABYSITTER TRAINING

AMERICAN RED CROSS CERTIFICATION

Get the skills and confidence to care for infants and school-age children. The complete learning experience includes videos, activities, hands-on skills training, and discussion. You will learn how to perform basic first aid, identify common safety hazards and prevent injuries, make responsible decisions, perform basic care routines like diapering, feeding and dressing. CPR/First Aid /AED certifications are not included. Class includes a 30-minute lunch break; refrigeration is provided.

## CHESS SCHOLARS ☞

Chess enhances a child's motivation, concentration, academic skills, social skills, and creativity. Each class consists of an interactive teaching period and guided practice time. Participants are grouped with other children of similar chess skill level. Each first-time student receives a free chess set to take home at the end of the session. No class: January 5 & February 19.

## CRAFTING WITH KIM

WITH KIM BLOOMBERG ☞

Start creating with mosaics, mixed media, duct tape, fiber art and much more. New projects each session! No class: February 16.

## FASHION DESIGN WITH CIAO BELLA SEWING ☞

Learn the foundations of traditional fashion design while developing hand and machine sewing skills. You will complete two different projects by the end of this course. All supplies, including fabric, will be provided. Students may choose to purchase additional specialty items.

## FASHION DESIGN STUDIO

WITH CIAO BELLA SEWING ☞

Dive into the sewing machine! Students will learn about pattern production and, by the end of this course, will have created at least one pair of pajama pants. Sewing supplies, including fabric, will be provided. Students may choose to purchase additional specialty items. Students must be familiar with the sewing machine to take this class.

## INTRO TO STEM WITH PLAY-WELL TEK ☞

Let your imagination run wild with tens of thousands of LEGO® parts! Design and build as never before, and explore your craziest ideas in a supportive environment. No class: February 16.

## JEDI ENGINEERING WITH LEGO

WITH PLAY-WELL TEK ☞

The Force Awakens in this introductory engineering course for young Jedi! Explore engineering principles by designing and building projects using LEGO® materials such as X-Wings, R2 Units, Energy Catapults, and Settlements from a galaxy far, far away. Create motorized and architectural projects to defeat the Empire!

## MAD SCIENCE: SYSTEM 6

WITH MAD SCIENCE OF NORTHERN ILLINOIS ☞

Mad Science is filled with fun, spectacular, hands-on science experiments! Each young scientist will make fun take home projects too, including a Blacklight Writer, Graduated Gear Kit, Atomic Coins and many others. All materials are included.

## MAGIC CLASS ☞

Children are guaranteed to have a great time as they learn a collection of mesmerizing tricks from the "Magic Team of Gary Kantor!" Learn a new trick each session and take a trick home!

## PIANO LESSONS

Irene Faliks will share her 35 years of teaching experience with you! Private piano lessons are available for beginner through advanced students, tailored to your skill level. Lessons are 30 minutes on Mondays, between 3-7 PM; the instructor will contact you to set up lesson times and dates. No class: January 15 & February 19.

## STICKY FINGERS COOKING ☞

Prepare and eat healthy, globally-inspired recipes while learning to cook! Our chefs will reinforce kitchen skills and emphasize each area of cooking: terminology, ingredients, and nutrition. Full recipes will be created each class. No class: January 15 & February 19.

## NEW! ROBOT LAB: LEVEL 1

WITH TECHSTARS BY COMPUTER EXPLORER ☞

Discover robotics as you work with Edison, the LEGO® compatible, programmable Bot! Students will use bar codes to program Edison to do everything from making music to 'battling' in the Sumo ring!

## NEW! COMPUTING WITH MICROBIT

WITH TECHSTARS BY COMPUTER EXPLORER ☞

The BBC micro:bit is a powerful mini-computer that you can code, customize and control to bring your digital ideas, games and apps to life. See your code come to life in a physical and tactile environment as you create emoticon displays, games, messages, light and music.
