## Camp Overview

Glencoe Park District's summer camp programs provide a wide range of experiences for ages 1 through 16. Activities in a typical camp week include camp games, swimming at Glencoe Beach, crafts, sports, special events, field trips, cookouts, and theme days. Camp days are structured to encourage children to make new friends, have fun, learn something new, and play in a safe environment.

Our traditional camp season began on June 10 and ran eight weeks through August 2. The camp season concluded the week of August 5-9 with the Summer's End Camps. There was additional specialty camps offered the weeks of August 12-16 and 19-23 including Fashion Design/Sewing, Camp Kids Club, Game On Sports 4 Girls, Beach Volleyball, and Kids Heart Yoga.

On July 31, we hosted our first All Camp Family Night with all the Glencoe Park Districts camps at Berlin Park. There were over 500 family members and campers who came out to the inaugural event. We had lots of entertainment, food trucks, bounce houses, and face paint. We had a large turnout from all the camp families and received overwhelmingly positive feedback on the event.

Our camp season goals were created to provide an exceptional experience for the participants in our camps.

- Provide a safe and fun camp experience for every participant
- Provide activities that engage the camper and offer a variety of experiences
- Be flexible and solution-oriented when weather or other factors dictate a change in schedule or planned activities
- Continue to develop our communication strategies and streamline throughout all camps
- Seek opportunities to build authentic relationships between staff, campers, and families through open lines of communication

## Staffing and Training

Glencoe Park District prides itself on hiring hardworking, motivated, and energetic staff members. This summer, our camp staff included over 80 individuals working as camp directors, head counselors, and counselors.

All camp staff members are required to go through over 20 hours of training leading up to the start of camp on June 10. This included a full summer staff training on May 24 followed by 2 days of training on June 6 and 7 at the Takiff Center. This year, our training time was split up between youth and preschool camps to allow for more thorough and concise training.

Talent LMS, was utilized to train staff on important topics before they arrived at camp training. Topics included sexual harassment, emergency action plans, accident/incident reporting, and important safety procedures. This helped reduce our in-person training time significantly.

Camp staff were trained in official camp procedures including safety, first aid, reporting, camper supervision, and appropriate interaction with campers. Staff were taught innovative games, how to keep campers engaged during transitions, how to interact with parents, and ways to develop relationships with campers. The training is site-specific so camp staff can get familiar with the site where they will be working. The training consists of PowerPoint presentations, group activities, hands-on practice, discussion, and role-playing scenarios.

In addition to basic camp training, camp staff attended the summer employee orientation led by the District's leadership team. At

this training, leadership welcomed staff to the Glencoe Park District team, explained the SPIRIT values that embody the agency, and impressed upon the staff the importance of their roles. Camp leadership staff attended a specific leadership training where they were exposed to camp's more challenging scenarios, including staff discipline, interacting with upset patrons/participants, creating a culture of accountability, and fostering success in counselors.

## Preschool Camps

Preschool camps consist of the four Bears camps (Baby, Teddy, Panda, and Koala) and Kinder Korner. All our preschool camps offer 8-week and 4-week registration options. Preschool camps follow DCFS ratios for class sizes and all our camps had at least one director and two counselors, except Baby Bears which had one camp director and no counselors as each child had a caregiver present. For the preschool camps, external performers were hired to provide special entertainment for our participants. Our Koala and Kinder Korner camps visited local parks and the beach. Preschool camps utilize the Brightwheel app for check-in and check-out as well as to post updates and photos throughout the day.

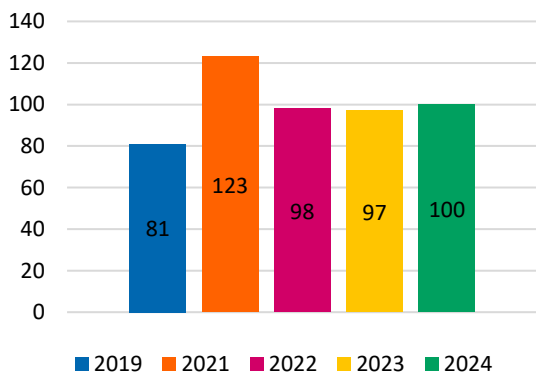

## Camp Data for Bears Camps

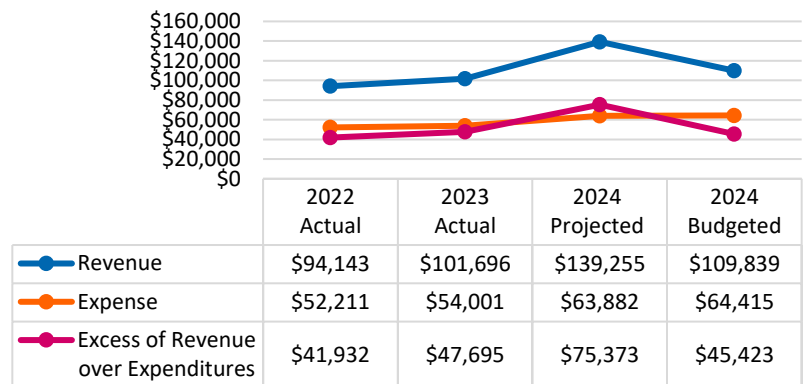

As seen below, enrollment remained consistent compared to the previous summers. There was a slight increase this year, but the change is that parents are opting to enroll in longer days for their campers. It is noted that our overall expenses continue to grow due to inflation, continued increases in wages, and staff retention rates, but we have been able to keep our excess revenue over expenditures within a similar margin from year to year.

At the end of camp, we sent a survey of our contractual programming to the Bears and Kinder Korner directors as well as Children’s Circle lead teachers to get feedback on the programming offered and gauge what their campers enjoyed or didn’t enjoy. This was our first year doing this, and it proved helpful in planning the calendar, so we will continue to do this every summer.

Bear Camps Enrollment

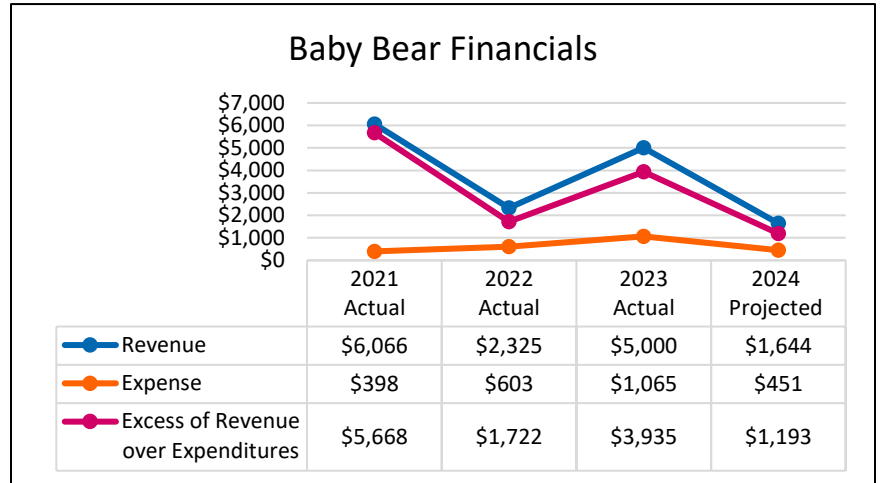

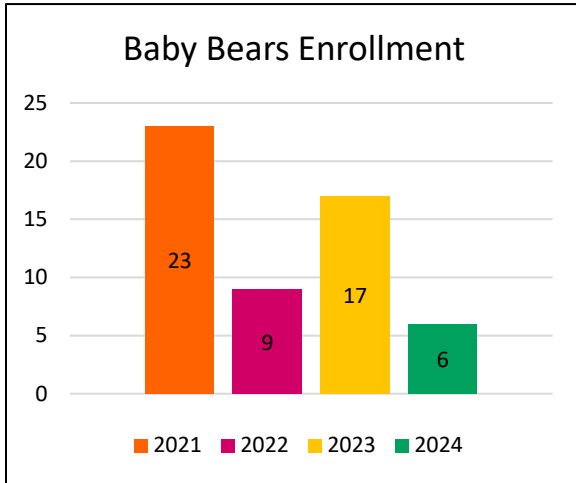

All Bear Camp Financials

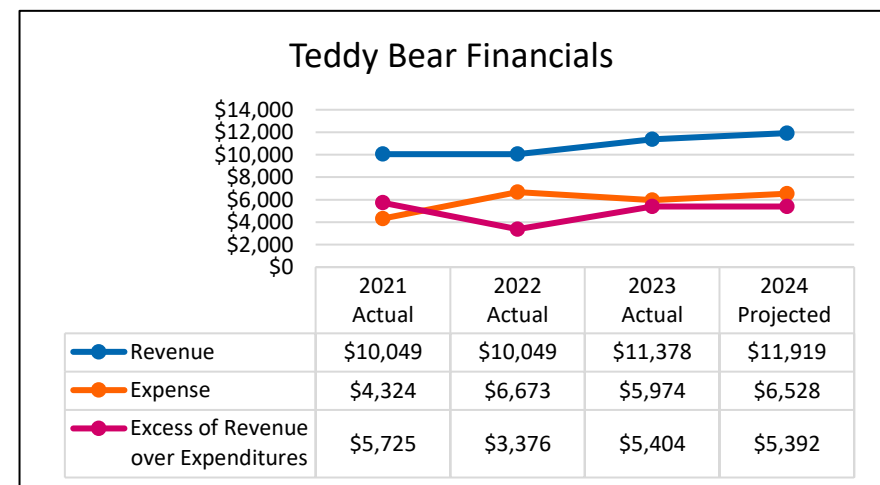

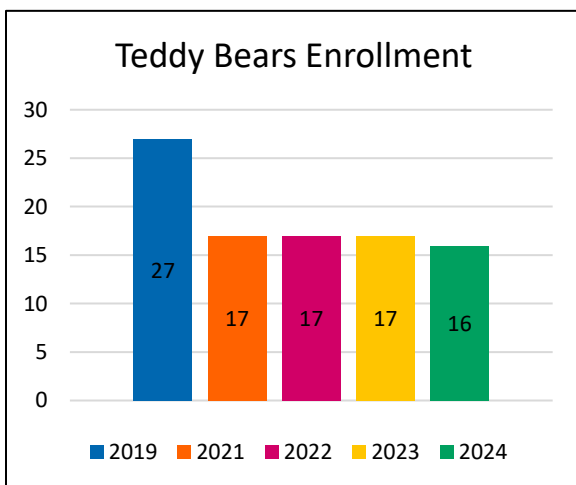

## Baby Bears

Baby Bears is our weekly “parent and tot” program for those under two-years-old. The Baby Bears meet on Thursdays from 10-11 AM and a parent or guardian must stay. This program is an introduction to Glencoe Park District preschool programming and camps for young families in a parent-tot setting.

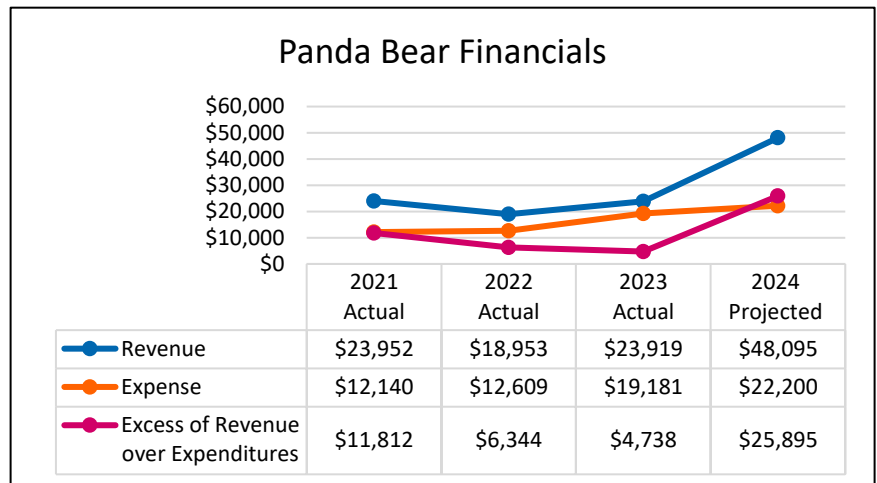

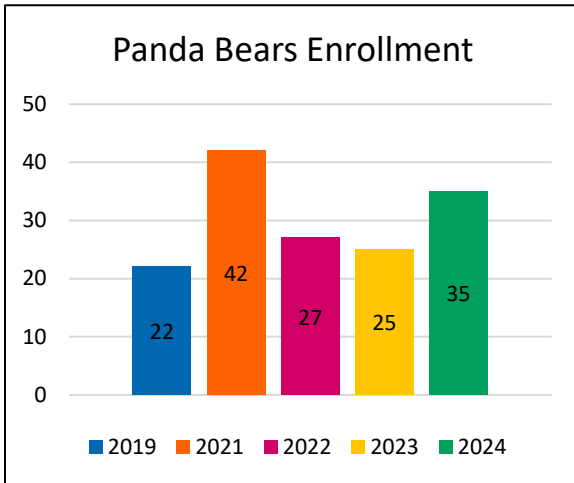

## Teddy Bears

Teddy Bears Camp is our two-year-old camp and operates Tuesdays and Thursdays from 9:15-11:15 AM. This year we added an extended option which ran 9:15 AM-12:15 PM. Teddy Bears had 14 children the first 4 weeks and 12 the second 4 weeks. Our Teddies stay at Takiff Center and participate in on-site activities including hands on exhibits on the go, a juggler, and a DJ dance party. The Teddies team also staffs the Monday, Wednesday, and Friday Panda Bears group. Our enrollment and revenue remains steady compared to previous years.

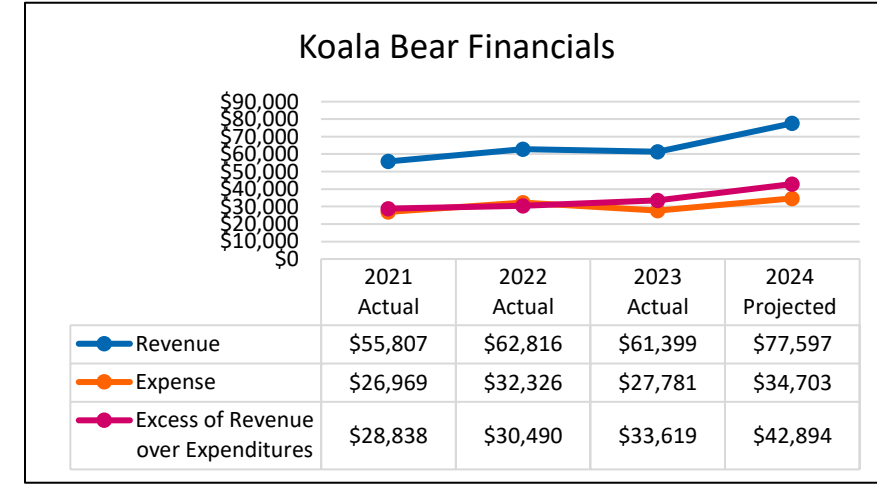

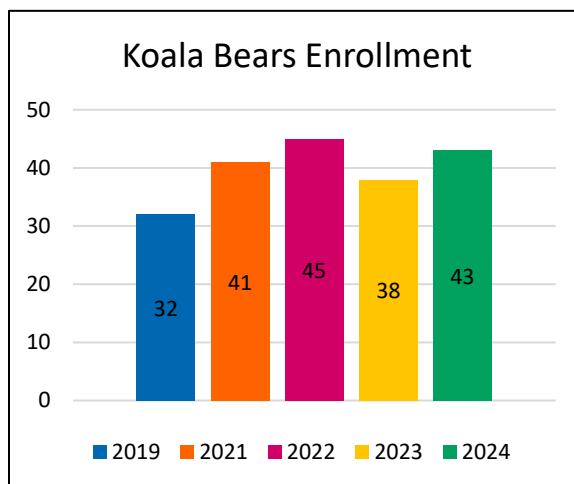

## Panda Bears

Panda Bears Camp is our three-year-old camp. We have several options for this age. They can do Monday/Wednesday/Friday or Monday-Friday and they run either 9-11:30 AM or 9-1 PM. We can take one group of 16 for Monday/Wednesday/Friday and one group of 16 for Monday-Friday. Both groups were full with a waitlist this year. The Panda Bear Camp stayed at Takiff Center and participated in on-site activities including a juggler, bounce house, hands on exhibits on the go, and a magician. There was an increase in revenue this year due to adding an extended day option that was highly attractive for families that wanted additional childcare.

## Koala Bears

Koala Bears is our four-year-old camp. The camp runs Monday-Friday 9 AM-1 PM with the option of extending the day until 3 PM. There were two full camp groups of 20 children each, of the 40 enrolled, 15 stayed until 3pm. Koala Bears camp visits our local parks and the beach. The Koalas participated in special performances such as hands on exhibits on the go, DJ Dance Party, bounce house day, and a magician.

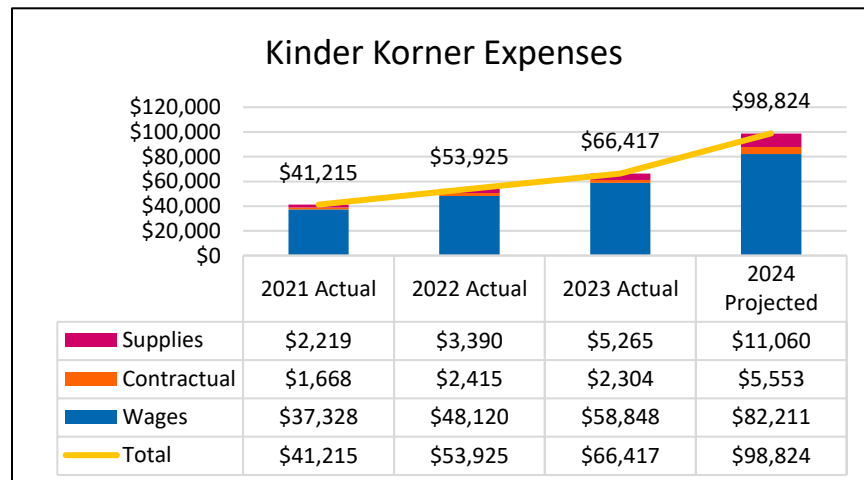

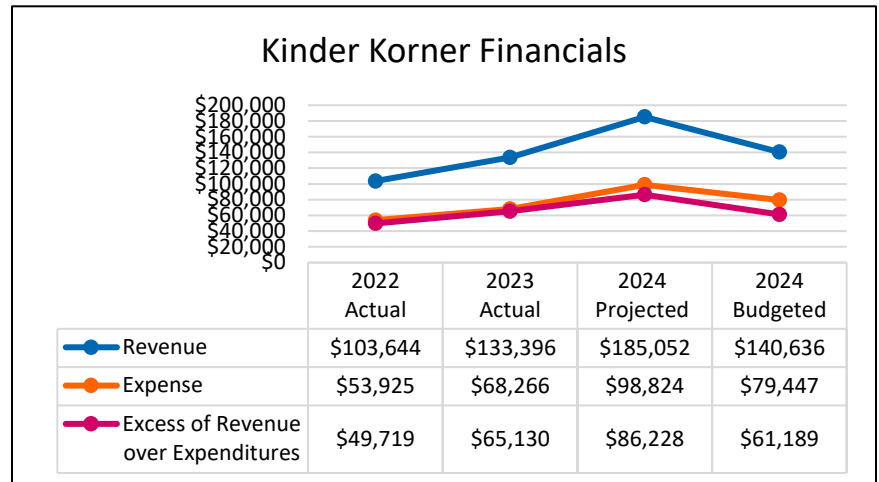

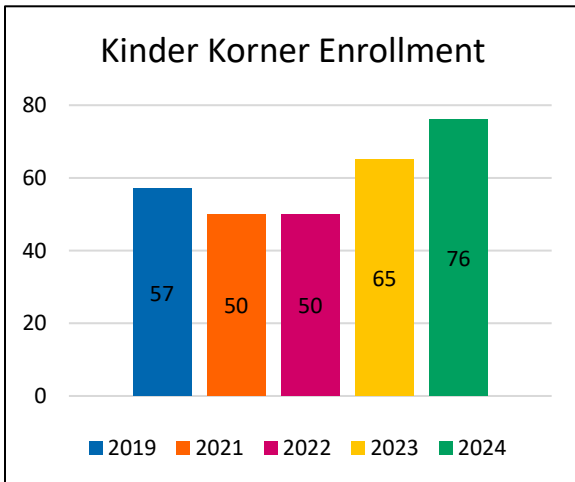

## Kinder Korner

Kinder Korner Camp is for participants entering Kindergarten. The camp runs Monday-Friday with several different time options. They can register for 7 AM-6 PM, 8:45 AM-1 PM, or 8:45 AM-3 PM. To maintain our ratios we have 20 children per camp group. Kinder Korner goes to local parks and the beach as well as participating in special performances such as hands on exhibits on the go, DJ Dance Party, bounce house day, and a magician.

Enrollment was higher this year as we used classroom 212 before construction to add a fourth group. Next year we will not have the option to add additional groups and will be back to three groups as in previous years.

We saw increased demand for the 7 AM-6 PM option and the 8:45 AM-3 PM option, so we plan to remove the 8:45 AM-1 PM option next year as it has continued to decrease in popularity. This will help with day-to-day operations and give us more flexibility with planning programming for them.

## Preschool Summer's Beginning and End

Preschool Summer's Beginning Camp enrollment increased compared to last year. In 2024 there were 20 children in Summer's Beginning and 24 in Summer's End. This compares to 36 in 2023. Next year we will be offering two weeks of Preschool Summer's Beginning with no Summer's End due to the District 35 calendar.

## Youth and Teen Camps

Youth and Teen camps consist of five registration options for those entering first through ninth grade. All our youth camps offer 8-week, 4-week, and 2-week registration options. This summer we continued to use the Glencoe Camp App. This mobile app allowed our parents to view camp calendars, receive important updates, and view camp photos on their phones. The app sent push notifications to parents, reminding them of the scheduled activities for each day including what to bring, drop-off/pick-up locations, and pictures of their camper's day. New in 2024, our Youth and Teen Camps aligned with District 35 schools. Sun Fun is now 1st-2nd Grades, Camp Adventure is 3rd-4th Grades, and Action Quest is 5th-8th Grades.

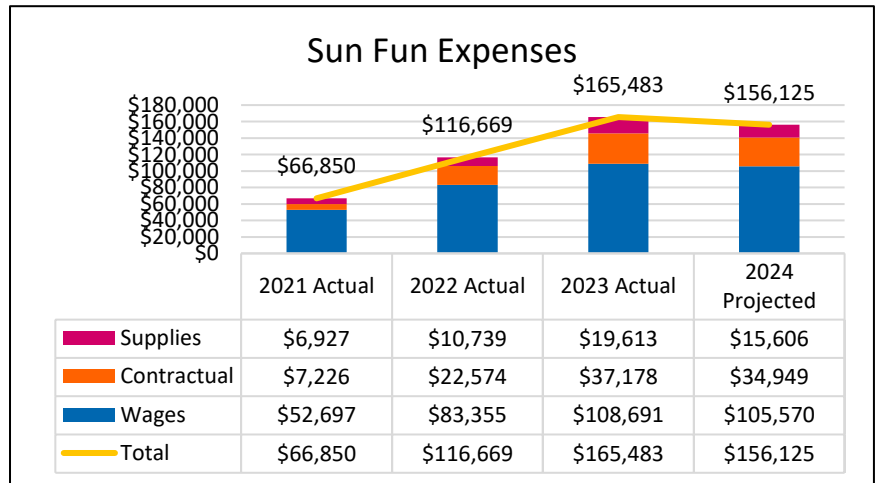

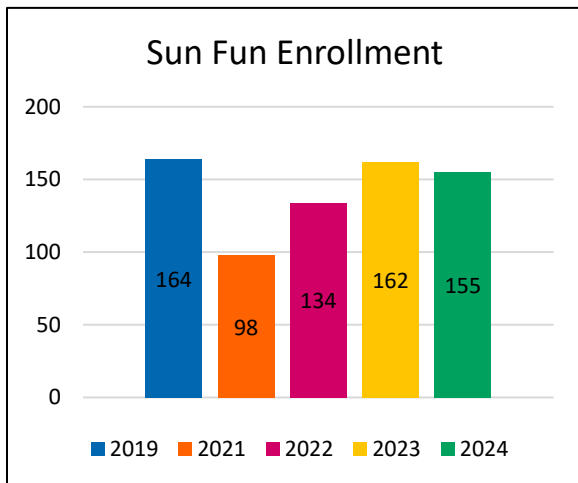

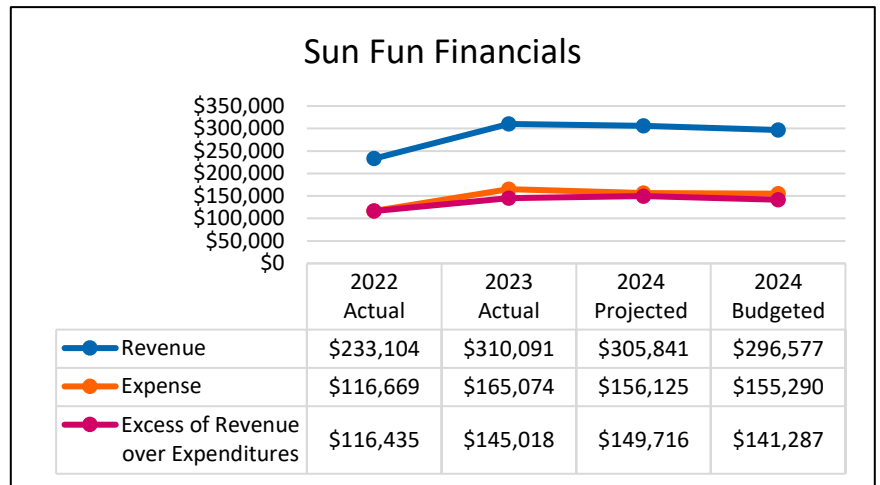

## Sun Fun

Sun Fun camp is for participants entering first through second grade. This camp runs Monday-Friday from 8:45 AM-3 PM for 8 weeks. This camp offers 8-week, 4-week, and 2-week registration options. Sun Fun has options for before (7-8:45 AM) and aftercare (3-6 PM).

Sun Fun Camp is one of the signature camps of the Glencoe Park District. Camper activities include sports, crafts, camp games, and visits with specialty staff, such as ceramics and art. Campers also go on weekly beach trips, theme days, and field trips. Highlights this year

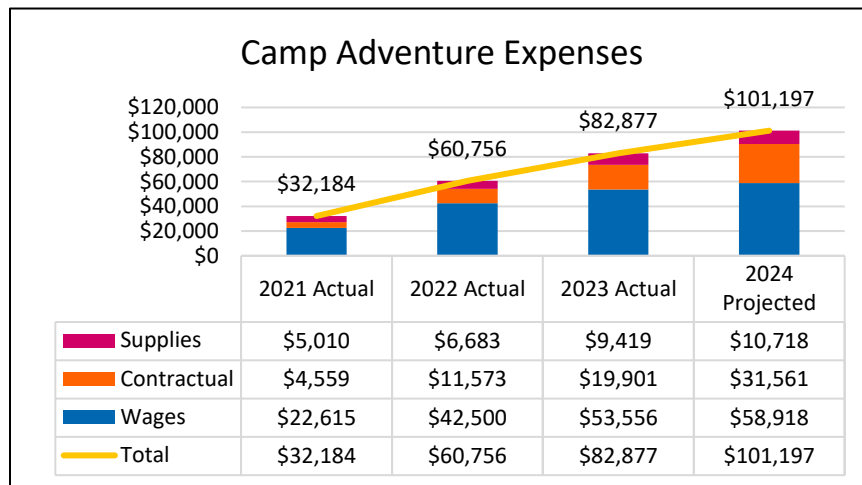

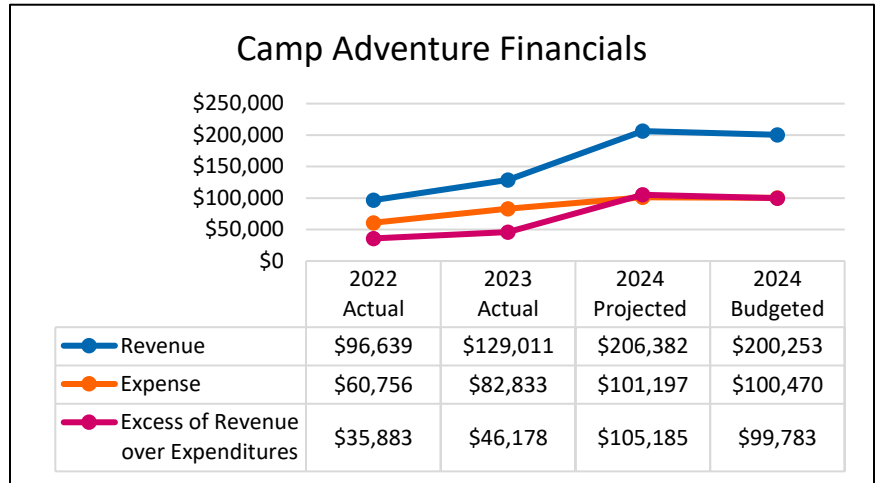

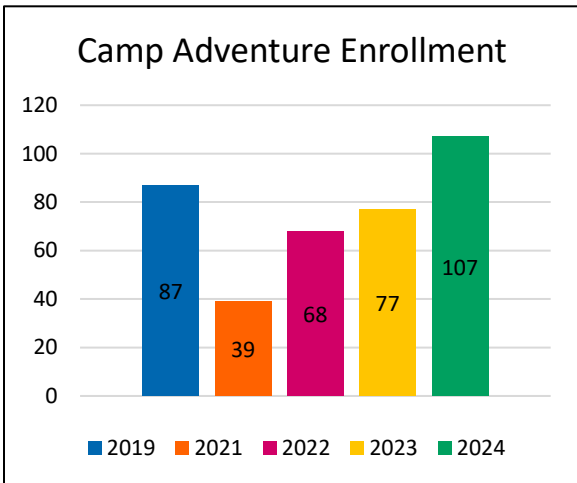

included water park visits to favorites such as Wheeling Water Park. Campers cheered on the Chicago Dogs, explored Santa's Village Amusement Park, competed in Color Wars, and showcased their dances on the last day of camp. Campers participated in 2 overnighters that featured special activities and special Dairy Queen Blizzard Days at the beach. Campers also built cardboard boats and participated in their own cardboard regatta!

## Camp Adventure

Camp Adventure serves participants in the third and fourth grade. This camp runs Monday-Friday from 8:45 AM-3 PM for 8 weeks. This camp offers 8-week, 4-week, and 2-week registration options. Camp Adventure has options for before care (7-8:45 AM) and aftercare (3-6 PM). Campers develop relationships with peers, travel on field trips, play sports and games, and enjoy special theme days.

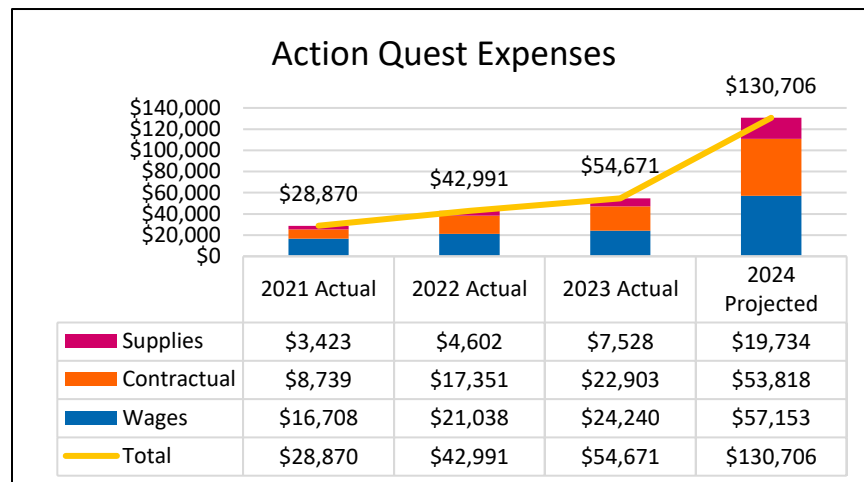

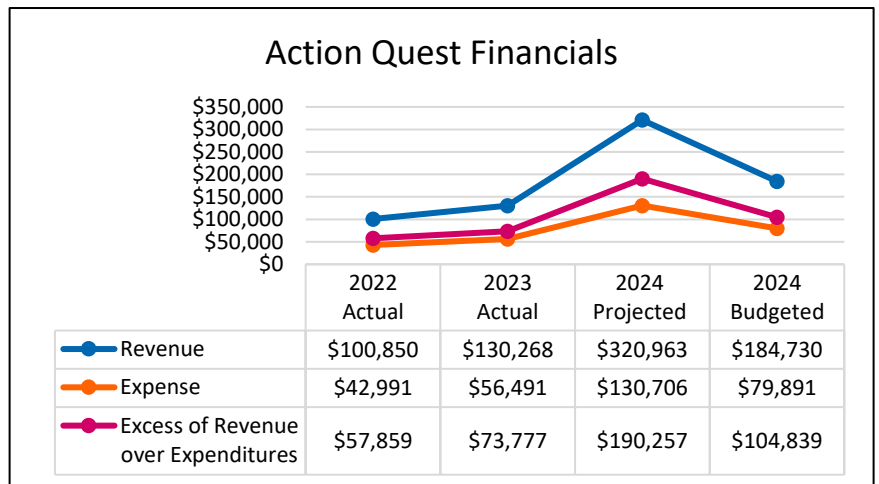

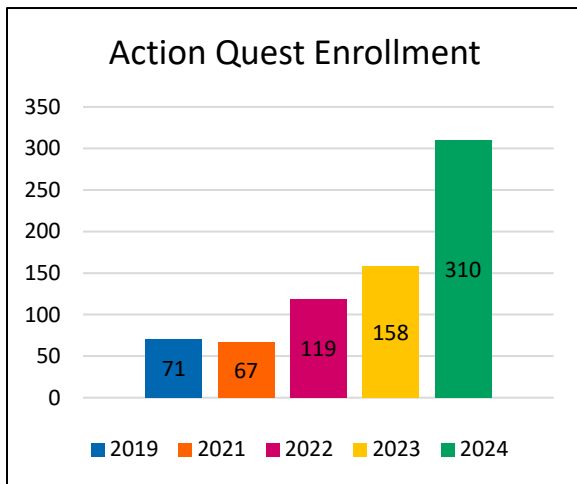

Highlights from this summer included canoeing the Skokie Lagoons, escaping a mobile escape room, and an extended day field trip to the Forge Adventure Park in Lemont. Campers also enjoyed two undernighnters at the Takiff Center, cookouts, and special Dairy Queen Blizzard Days at the beach. Campers also build cardboard boats and participated in their own cardboard regatta!

## Action Quest

Action Quest is our camp for participants entering fifth through eighth grade. This camp runs Monday-Friday from 9:15 AM-3:15 PM and operated out of the Weinberg Family Recreation Center. This camp offers 8-week, 4-week, and 1-week registration options. Action Quest campers travel 3 times per week with 1 of those days being a trip to the beach for a weekly cookout. Action Quest offered two extended days this summer, Raging Waves in the first four weeks and Six Flags in the second four weeks. Action Quest also visited camper favorites such as Bear Paw Beach, Climb Zone, and Great Wolf Lodge.

In 2024, our total enrollment exploded due to including fifth graders. The flexibility of 1-week options impacts our total enrollment greatly. We continued to hear positive feedback on the flexibility in offering 1-week registrations. Due to the size of the camp for 2024 contractual expenses such as bussing, field trips and entertainment increased. We also saw an increase in staff wages due to significantly higher enrollment.

## Summer's End

Summer's End Camp is offered for kindergarten through fifth graders as an extension week to our 8-week camp option. Campers enjoyed trips to Launch Gurnee Trampoline and Bowling, Museum of Science and Industry, and the beach. They also participated in a special water day and campers' choice day activities. In 2024, we had 115 campers enrolled compared to 80 campers in 2023, 44 in 2022, and 37 in 2021 and 2019.

## Counselor in Training

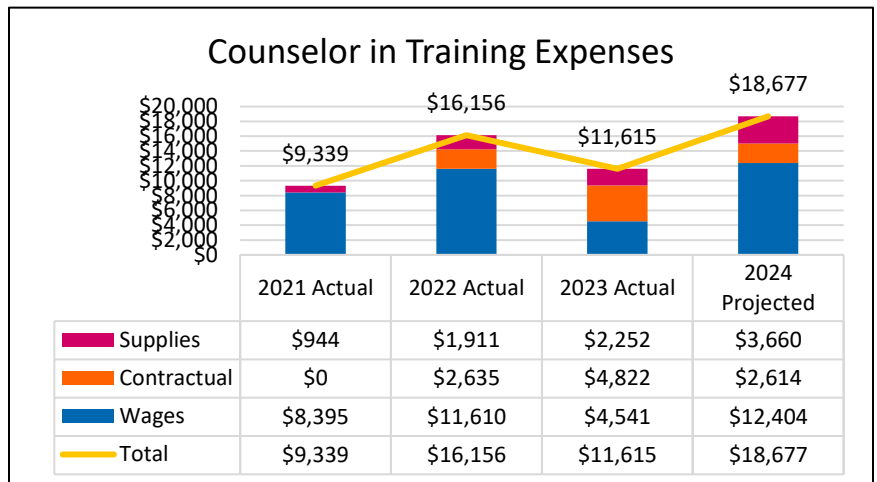

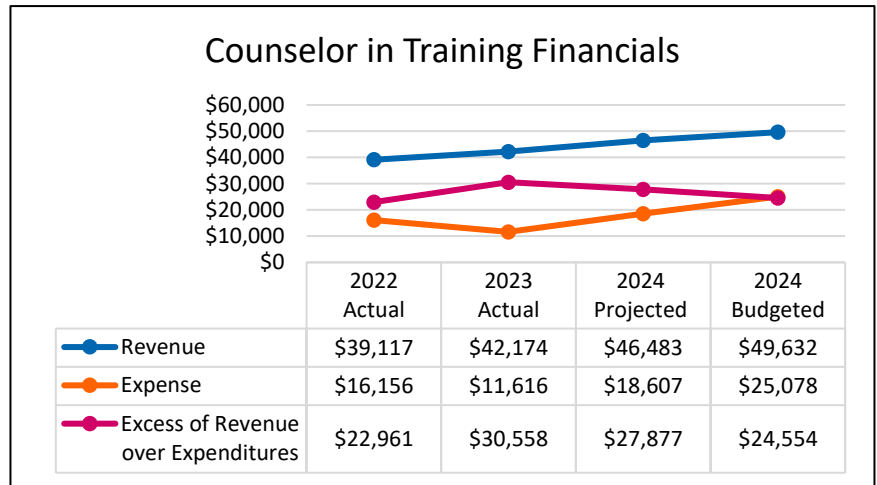

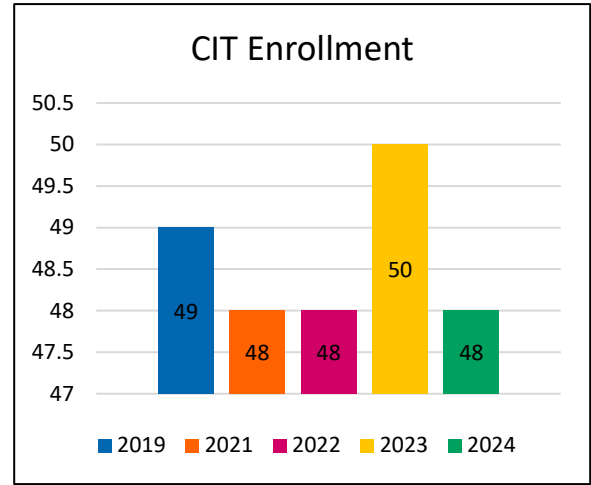

### Half-Day

The half-day Counselor in Training program is designed for children entering 7th through 10th grade. Camp runs Monday-Friday from 8:30 AM-1 PM for the full 8-weeks of summer camp. CITs have the option to register for 8-week or 4-week options. This camp has one director and no counselors. Our CITs start their days with a project or learning opportunity. CITs are assigned camp groups that they assist with each day. At the end of each 4 weeks, they had a pizza party and were provided a reflection session.

### Full-Day

The full-day Counselor in Training program is designed for children entering 7th through 10th grade. Camp runs Monday-Friday from 8:30 AM-3 PM for the full 8 weeks of summer camp. CITs have the option to register for 8-week or 4-week options. CIT camp exposes campers to a mixture of day camp activities and camp staff experiences. CIT camp thoughtfully integrates enjoyable summer activities with job training skills to prepare participants for a potential job on the camp staff team at the Glencoe Park District. CITs are assigned to camp groups based at the Takiff Center and are expected to assist the camp staff and learn daily camp operations. CITs receive a weekly evaluation, highlighting strengths, areas to improve, and weekly goals to become the ideal candidate for a camp position in the future.

Full day CITs participated in team building activities two times per 4-week session by visiting Heller Nature Center in Highland Park's teams course and Pinstripes. Please note, all charts are combined data for Full Day and Half Day Counselor-in-Training programs.

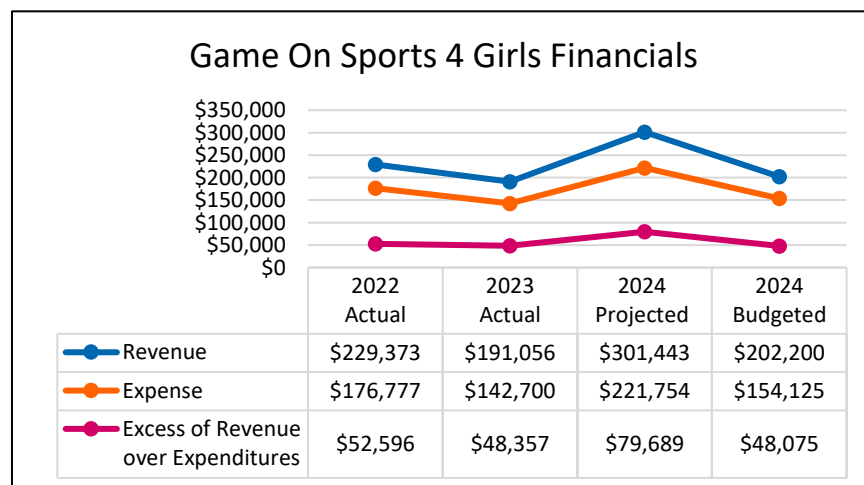

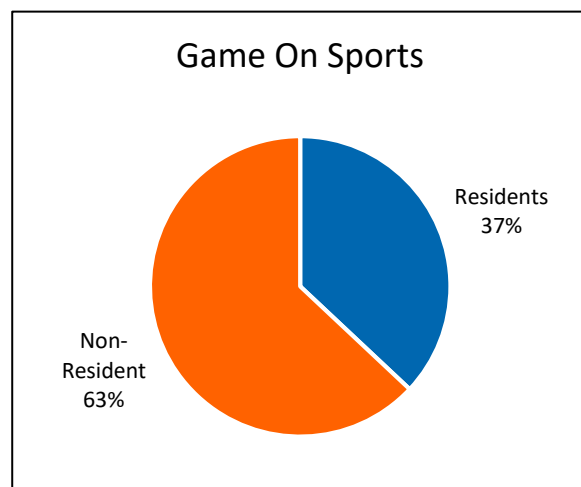

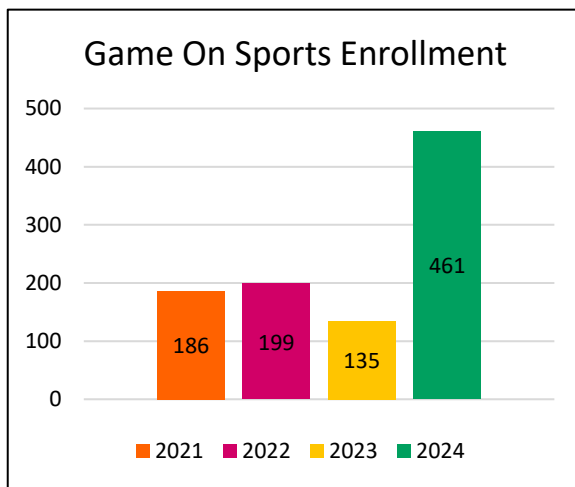

## Specialty Camps

### Game On! Sports 4 Girls

This was our fourth summer partnering with Game On! Sports 4 Girls Camp. It ran for eight weeks in 2024. This camp offers 8-week and 1-week registration options with the requirement of a minimum of 2-weeks. The camp day ran from 9 AM to 3 PM, Monday through Friday and was located at Central School this summer. New this summer was a Game On! Extension Camp that was offered the week of August 19<sup>th</sup> at the Takiff Center.

In 2024, Game On! saw a positive trend as both revenue and total enrollment increased during the summer. There were a total of 461 enrollees, of which 164 were unique individuals. Among these unique participants, 103 were non-residents, while 61 were local residents. The District has a 75/25% revenue split agreement with Game-On!. Game On! plans to shift toward one-week minimums to further promote flexibility with the busy lifestyles of many of the participants.

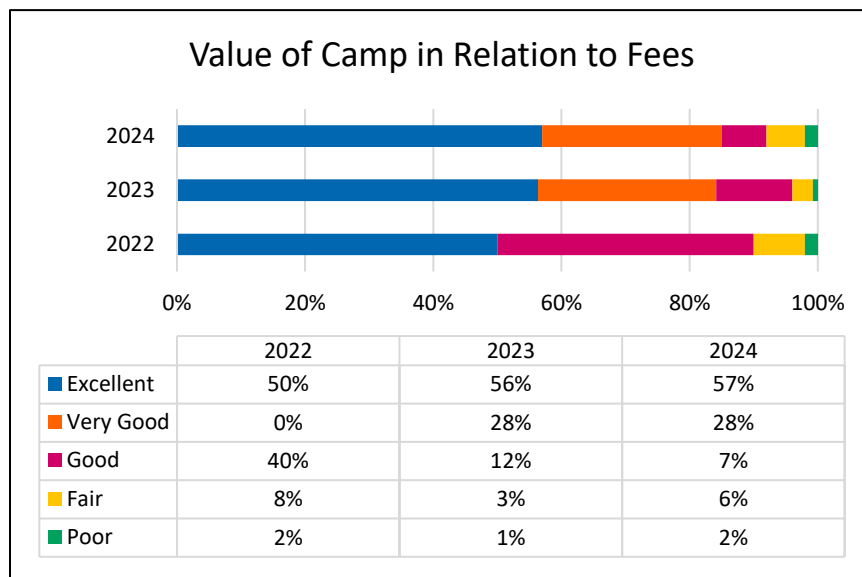

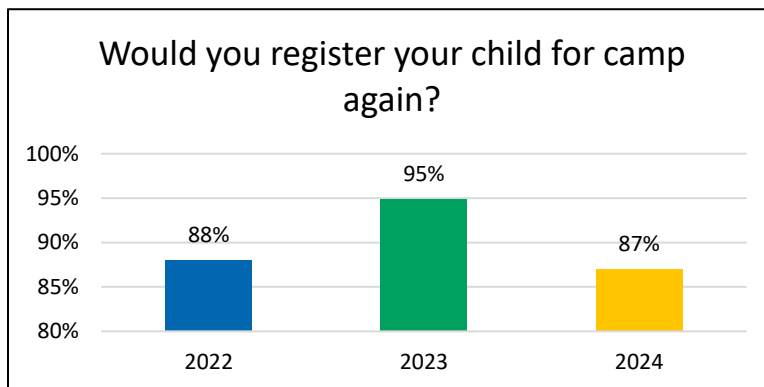

## Customer Feedback and Survey Results

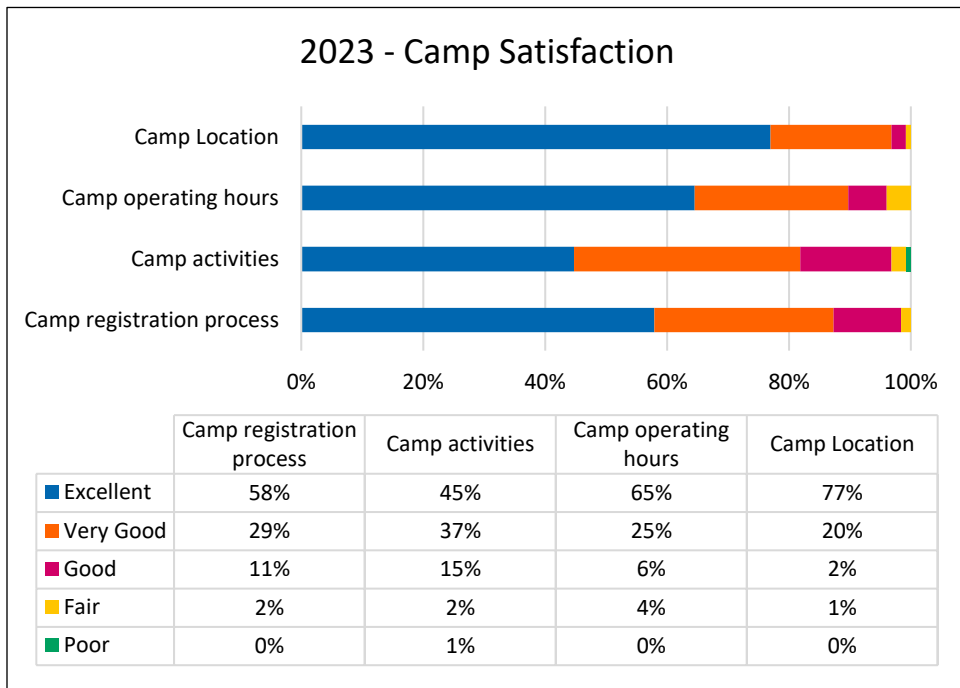

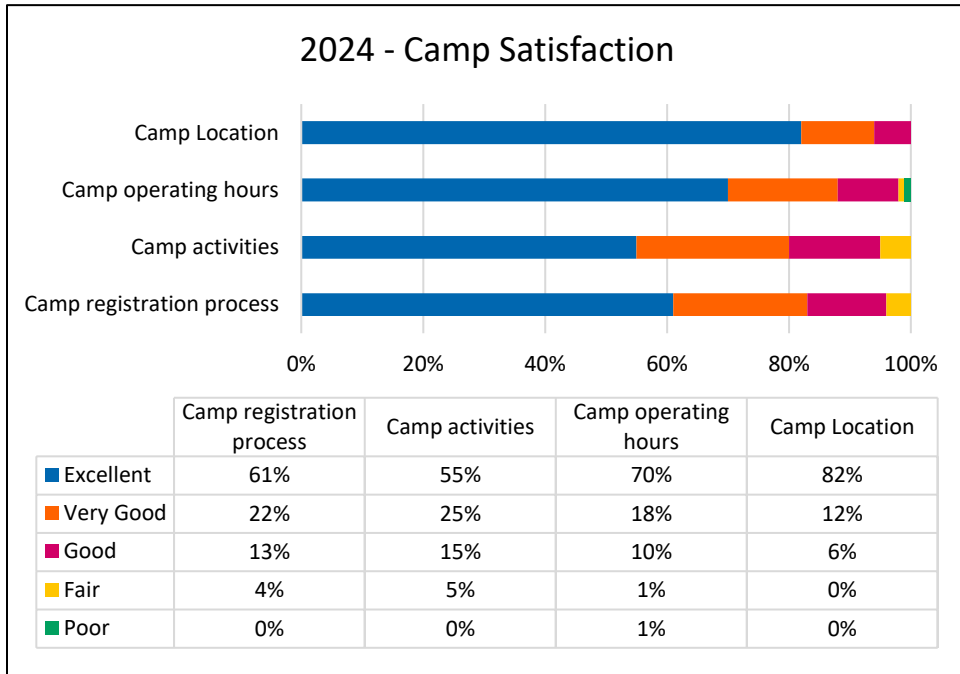

At the end of each season, a survey is sent to the camp participants' families to solicit feedback used to improve and make changes to the camp program the following year. This year 121 camp families completed the survey (126 in 2023, 103 in 2022, and 46 in 2021). The survey is created, distributed, and analyzed using Survey Monkey. Camp participants were asked about their camp experience from the registration process to staff, facilities, activities, field trips, and overall experience. This year we sent out the survey at two different times, one after the first 4 weeks and one towards the end of the second 4 weeks.

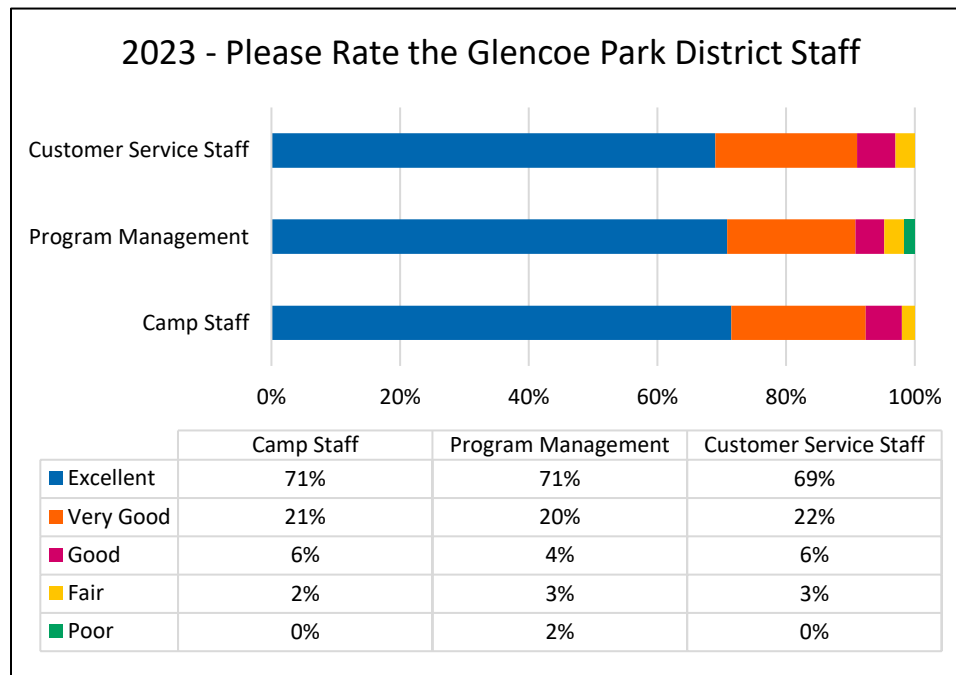

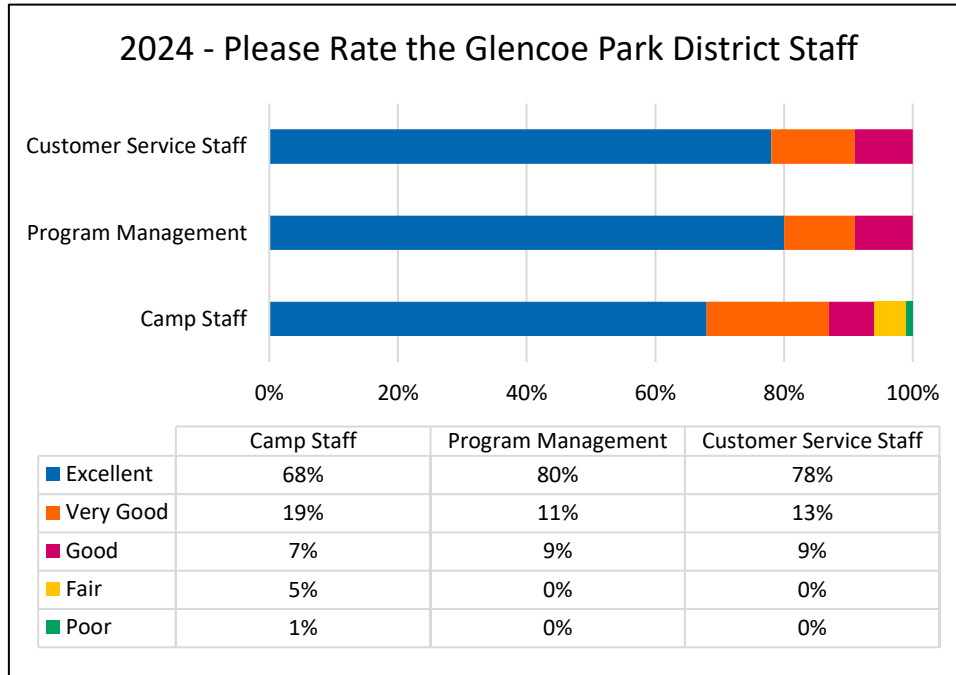

Responses to the survey were overwhelmingly positive with very few unsatisfactory responses. Camp families continue to appreciate the safety, affordability, and organization of all of our camp programs.

Overall, the satisfaction with our camps in 2024 continued to be strong compared to previous years. Camp families continue to be satisfied with the registration process, activities offered, location, and operating hours across the board.

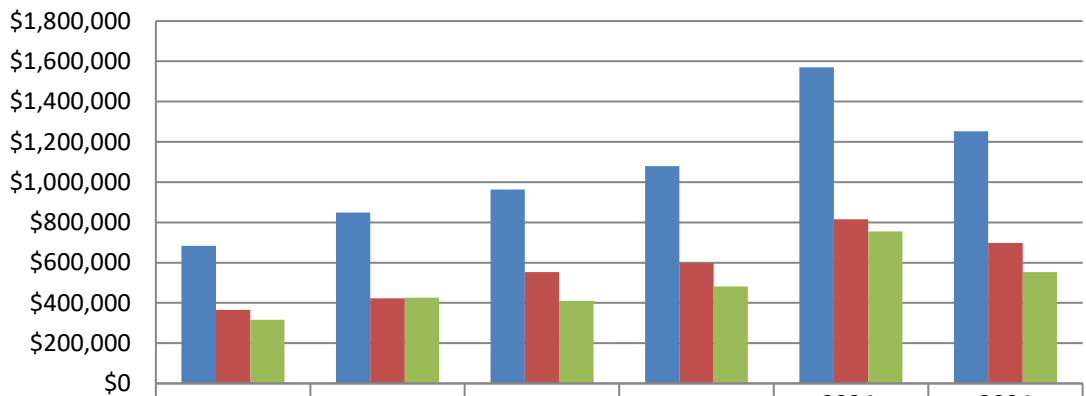

Overall, the rating of Park District staff in 2024 continued to improve compared to previous years. This year we saw Program Management and Customer Service Staff ratings at 100% for Good to Excellent Ratings.

## Overall Camp Participation & Financial Information

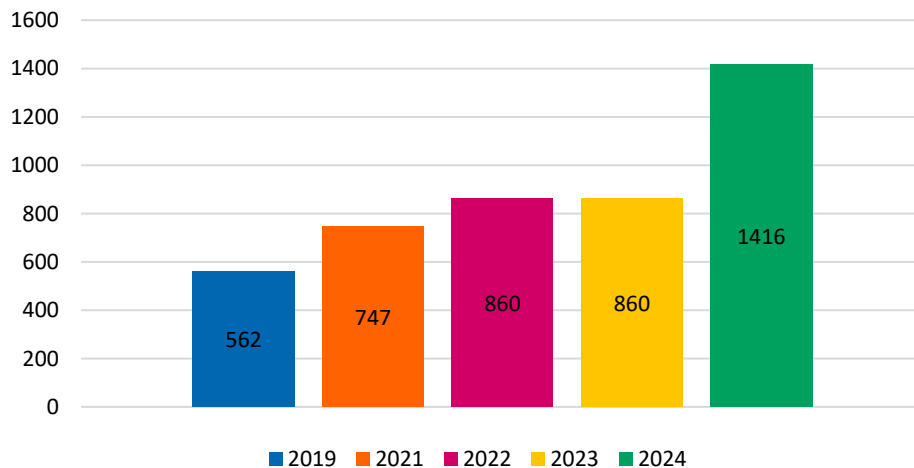

Overall, camp financials are continuing to trend in a positive direction. Enrollment and excess revenue over expenditures has increased significantly since 2019. There has been an increase of 129% in revenue since 2019 while we have seen a 122% increase in expenses. We continue to see the interest in specialty camps grow. Strong demand also continues for full-day camp options and specifically the need for care outside of the typical camp day. We are projecting an increase excess of revenue over expenditures of \$273,858 over 2023 actuals and \$201,558 over 2024 budgeted. **Please note these numbers do not include Aquatics and Sailing Camp. Aquatics and Sailing Camp numbers will be presented as part of the Lakefront Report.**

### Overall Camp Financial Trends

	2019 Actual	2021 Actual	2022 Actual	2023 Actual	2024 Projected	2024 Budgeted
Revenue	\$682,847	\$848,236	\$963,409	\$1,079,921	\$1,570,374	\$1,252,001
Expense	\$366,399	\$422,146	\$553,534	\$598,348	\$814,943	\$698,127
Excess of Revenue over Expenditures	\$316,448	\$426,090	\$409,875	\$481,573	\$755,431	\$553,873

### Total Camp Enrollment

Below is a comparison of our traditional camp locations. This includes our Bears Camps, Kinder Korner, Sun Fun, Camp Adventure, and Action Quest. We continue to see strong enrollment in our traditional camps by Glencoe Residents. A majority of our Non-resident registration comes through Sun Fun and Camp Adventure as our fees are comparable to neighboring Park District Camps. We also have a strong reputation within the community for providing quality camp programming.
