For such permits, applications must be received by the District at least forty-five (45) days prior to the requested activity.

 - (1) The proposed activity violates any federal, state, local, or District law, rule, or regulation; or,
 - (2) A prior application for a permit for the same date, time, and location has been or will be granted and the activities authorized by that Permit do not reasonably allow multiple occupancy of that particular area; or,
 - (3) The proposed activity is of such a nature that it cannot reasonably be accommodated in the particular location applied for, considering, without limitation, the likelihood of such things as damage to park resources or facilities, damage to an environmentally sensitive or protected area's ecosystem, impairment of a protected area's atmosphere of peace and tranquility, unreasonable interference with District functions, buildings, facilities, operations, programs or activities, or unreasonable interference with the use or purpose of the District Property applied for; or,

However, the District reserves the right to take additional time to review any application. If the District determines that it will exercise this right, it shall notify the applicant within twenty-four (24) hours after the District's receipt of the application.
- (f) If the application is approved, the District shall issue a written permit to the applicant. If the application is denied, the District shall issue to the applicant written reasons for denying the application.
- (g) If an application is denied on the basis of a scheduling conflict or inappropriateness of the location, duration, or time of the activity, the District will make a reasonable effort to arrange an alternative that is acceptable to all parties. If an application under sections 2.08, 2.25 or 2.36 is denied, or the applicant is dissatisfied with such Permit as issued, they may appeal the decision to the Board within ten (10) days after the decision is rendered. If the Board rejects the appeal after full review, or if time for full review is not available, the applicant may appeal the decision to the appropriate state or federal court. All other decisions on the issuance of Permits by the District are final.
- (h) Any Permit granted by the District may contain lawful prerequisites to the issuing of the Permit and restrictions on the conduct of the permitted activity including without limitation: general liability insurance coverage; an agreement to fully indemnify and hold the District harmless from any liability or costs resulting from the activity; a requirement that the Persons involved in the activity obey or comply with all federal, state, local, and District laws, rules, and regulations; time, duration, and location restrictions; restoration deposit; a written agreement by the applicant to fully restore any District Property soiled or damaged by the activity; and, any reasonable restriction necessary for the efficient and orderly contemporaneous administration of the activity, other activities with a Permit, and regular District uses, functions, programs, and activities.
- (i) Any Person holding a valid Permit issued by the District for use of District Property shall take precedence for use of that District Property over any Person other than the District.
- (j) The District may make necessary changes or place necessary additional restrictions on any Permit after it has been issued.

- (k) Violation of the terms and conditions associated with the Permit may result in the suspension or revocation of the Permit.
- (l) Except as provided in subsections 5.01(l)(1) (2), no Permit shall be issued for a period in excess of seven (7) consecutive days. A Permit may be extended for like periods of time upon a new application, unless another Person has requested use of the same location and multiple use of that location is not reasonably possible.

If the costs and expenses for the clean-up and restoration exceed the amount of the restoration deposit, the District reserves the right to pursue any and all legal options.
