# Glencoe Park District Organizational Chart

June 22, 2022

#### To the Residents of the Glencoe Park District:

The Annual Comprehensive Financial Report (ACFR) of the Glencoe Park District (the District) for the fiscal year ended February 28, 2022, is hereby submitted. This report presents a comprehensive picture of the District's financial activities during fiscal year 2022 and the financial condition of its various funds at February 28, 2022. Illinois Compiled Statutes require that a local government publish, within six months of the close of the fiscal year, a complete set of audited financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited by a firm of licensed certified public accountants.

Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The financial statements of the Glencoe Park District for the fiscal year ended February 28, 2022 have been audited by Lauterbach & Amen, LLP; a firm of licensed certified public accountants. An unmodified opinion was issued by Lauterbach & Amen, thereby attesting that the financial statements are presented fairly and in conformity with generally accepted accounting principles. The independent auditor's opinion is included as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and is meant to be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

#### THE REPORTING ENTITY AND ITS SERVICES

Incorporated in 1912, the Glencoe Park District is located on the shores of Lake Michigan and its accessibility to Chicago has attracted an economically stable, mainly professional residential population. District per capita income and median family income figures are among the highest in the country. The District is nearly coterminous with the Village of Glencoe with the exception of a few blocks within the Village of Winnetka's boundaries. The District encompasses approximately four-square miles and services a population of approximately 8,800 people. The District is empowered to levy a property tax on real property located within its boundaries.

The District operates under a Board-Manager form of government. Policymaking authority is vested in a governing Board (Board of Commissioners) consisting of the President and four other members elected for staggered four-year terms. The Board employs an Executive Director to administer the policies, programs and direct staff. Some of the Board's responsibilities include approval of the budget, tax levy, ordinances, long-term financial and capital planning; as well as establishment of committees and appointment of the District's attorney.

The District provides a full range of recreation services. These services include recreation programs and facilities, parks, park management, capital development, and general administration. Recreation facilities operated by the District include an outdoor ice-skating arena, boating and bathing beaches, a fitness center, activity rooms, rental space, a preschool, and two gymnasiums. The District owns and operates 20 parks and natural areas with 14 outdoor tennis courts, two outdoor ice rink sheets, a sled hill, 11 playgrounds, a nine-hole disc golf course, five outdoor basketball courts, multiple jogging trails and picnic areas, and an assortment of ball diamonds, football, and soccer fields.

As an independent unit of government, the District includes only the funds of the District (the primary government). The District participates in the Illinois Municipal Retirement Fund (IMRF), the Northern Suburban Special Recreation Association (NSSRA), and the Park District Risk Management Agency (PDRMA). Since these organizations are separate government units and the District does not exercise financial accountability over these agencies, their financial statements are not included in this report. Audited financial statements for these organizations are available upon request from their business offices.

### FACTORS AFFECTING FINANCIAL CONDITION

**Local Economy**. The Village of Glencoe is virtually fully developed and its tax base, which is primarily comprised of highly valued residential property, remains stable. The District's equalized assessed valuation (EAV) increased by \$5,048,075 or 0.53% to \$950,285,837 in the 2020 levy year, due to an increase in the equalization factor. Collection of property taxes, has also been consistent. In any given year, property tax collections account for approximately 50% of total budgeted revenue and are the most predictable source of revenue, with annual increases projected based on the annual change in the United States Consumer Price Index (US CPIU-All Items), capped at a maximum of 5%. The average annual increase in CPI for tax increases has been 1.8% since 2012.

The unemployment rate for the Village of Glencoe was 3.8% in 2021. The Village of Glencoe's unemployment rate was slightly below the 2021 unemployment rate for the State of Illinois of 4.2%.

**Long-term Financial Planning.** The District's goal in long-term financial planning is to provide a framework for effective decision-making and efficient allocation of financial resources. The challenge of preparing for all future events and unexpected market changes centers upon proper cash flow planning.

The Glencoe Park District believes sound financial management principles require that sufficient funds be retained by the District to provide a stable financial base at all times in order to mitigate current and future risks and to ensure stable tax rates. The District follows an unassigned minimum fund balance policy. The policy requires the District to maintain unassigned fund balance equal to 50% of annual budgeted expenditures for the General Fund and the Recreation Fund and 25% for all remaining special revenue funds.

The District utilizes a conditions assessment tool to monitor fixed assets in terms of useful lives, replacement costs and year of replacement. The purpose of this is to (1) provide a means for examining basic issues, needs, challenges, and opportunities currently affecting the District or likely to impact the District in the future; (2) to evaluate alternative strategies for addressing these issues and challenges and selecting the ones most beneficial to the District; and (3) to provide a means to prioritize these needs in conjunction with funding available through the District's annual budget.

A Master Plan completed in 2015, and a Community Needs Assessment Survey conducted in 2014 are utilized as tools to prioritize various improvements throughout the District, along with a replacement schedule of current assets and staff recommendation to the Board of Commissioners, based on need. The District will also continue to make improvements related to compliance with the Americans with Disabilities Act (ADA) throughout the various parks and facilities.

The District's key operating funds (Corporate and Recreation) have comfortable fund balances as of February 28, 2022. The District currently operates with a lean 36 full-time employees for the scope of facilities and services provided. The District's strong financial condition and lean workforce enabled the District to successfully weather the financial challenges of COVID-19 in the two previous fiscal years; including, the many restrictions to operations and deadline extensions provided for property tax payments.

Major Initiatives. Each year when preparing the budget, the District identifies facilities, property, or programs that need to either be acquired, developed, or expanded to better meet the needs of the citizens and to enhance the quality of recreation within the community. During the fiscal year 2023 budget process, the Board of Park Commissioners approved the spending of \$6.8 million on new projects including renovation of the Watts Recreational Center (partially funded by a \$2,500,000 Illinois Department of Natural Resources Park and Recreational Facility Construction (PARC) grant), replacing the Pier damaged in 2020, rebuilding the crib wall, AC coil/condenser replacement for the multipurpose wing at the Takiff Center, installation of a gas kiln, a new state of the art AV system for the Community Hall, and other smaller capital improvements. The funding for Capital Fund projects is a combination of fund balance transfers from operations, grants, donations, and bond proceeds.

#### FINANCIAL MANAGEMENT AND CONTROL

The District has established a comprehensive set of internal controls that are designed to protect the District's assets from loss, theft, or misuse. These internal controls are also used to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements.

The Board of Commissioners is required to approve and adopt its annual budget and appropriation ordinance prior to or within the first quarter of the fiscal year. The annual budget serves as the tool used to manage day-to-day operations and to ensure fiscal accountability; whereas, the appropriation represents the legal limit on spending. While State law prohibits spending beyond the appropriation, there are provisions within the law that, after six months of the fiscal year, allow for transfers of anticipated unexpended amounts between appropriation items. These transfers are subject to certain limitations on percentages of transfers within a fund and voting majority required for approval. In addition, the Board may amend the budget and appropriation ordinance following the same process used for adopting the original ordinance.

In addition, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Commissioners. Activities of the general, special revenue, debt service and capital project funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level.

### OTHER INFORMATION

Awards. The District earned a National Gold Medal Award from the National Recreation and Park Association in 2019. The goal of the National Gold Medal Award is to honor public park and recreation agencies and state park systems throughout the United States and armed forces recreation programs worldwide that demonstrate excellence in long-range planning, resource management and innovative approaches to delivering superb park and recreation services with fiscally sound business practices. The District is pleased to be recognized with this past distinction of excellence and to be recognized as a National Gold Medal Award Agency.

The District earned a Joint Distinguished Agency Award from the Illinois Association of Park Districts and the Illinois Park and Recreation Association in 2019. The goal of the Illinois Distinguished Accreditation program is to improve the delivery of recreation services to the residents of Illinois through a voluntary comprehensive evaluation process which leads to an improved quality of life for Illinois residents and recognizes those agencies that provide this quality service. The District is pleased to be recognized with this past distinction of excellence and to be recognized as an Illinois Distinguished Accredited Agency.

**Acknowledgments.** The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff of the administrative department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Board of Commissioners of the District, preparation of this report would not have been possible.

Sincerely,

Lisa Sheppard Executive Director John Cutrera

Director of Finance/HR

### **INDEPENDENT AUDITORS' REPORT**

June 22, 2022

The Honorable District President Members of the Board of Commissioners Glencoe Park District, Illinois

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Glencoe Park District, Illinois, as of and for the year ended February 28, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Glencoe Park District, Illinois as of February 28, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Glencoe Park District, Illinois June 22, 2022 Page 2

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Glencoe Park District, Illinois June 22, 2022 Page 3

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Glencoe Park District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises of the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Lauterbach & Amen, LLP
LAUTERBACH & AMEN, LLP

# MANAGEMENT'S DISCUSSION AND ANALYSIS

The Glencoe Park District (the "District") discussion and analysis is designed to (1) assist the reader in focusing on significant issues, (2) provide an overview of the District's financial activity, (3) identify changes in the District's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD & A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter located in the introductory section of this report and the District's financial statements located in the basic financial statements section of this report.

### **Financial Highlights**

- Despite the ongoing Covid-19 pandemic, the District's financial status continues to be strong. Overall revenues for all funds this past year were \$13,266,282 and expenditures were \$12,467,335, which includes \$2,230,493 for capital projects and \$1,312,257 for debt service. Excluding the Capital Project Fund, the District finished the year with an increase in net fund balance of \$1,475,535. Including the Capital Project Fund, the District's fund balance increased \$798,947. This was due to increased revenues for the beach, Watts ice rink and many recreation programs fueled largely by increased demand as a result of uncertainty amidst the ongoing pandemic.
- Total net position under the accrual basis of accounting increased \$3,398,484 over the course of the year. In addition to the items noted above, a significant reason for the increase is the pension performance of the District resulting in a decrease in the net pension liability of \$1,475,733, largely due to very strong investment performance through the calendar year 2021 (the measurement date of the net pension liability (asset)).
- Property taxes collected increased by \$323,586 to \$6,045,903 compared to the prior year of \$5,722,317.
- Recreation program revenues increased significantly over the past year. Charges for services increased to a total of \$5,548,709, compared to \$3,648,461 in the prior year. This increase can be attributed to an increase in the programming offered as restrictions related to the Covid-19 pandemic were lifted. Total Recreation Fund revenues were \$7,007,798 and total Recreation Fund expenditures were \$5,826,813, thus adding \$1,180,985 to the fund balance.
- The District continues to have the ability to devote resources toward maintaining, improving and expanding its parks, playgrounds and facilities. In the past nine years, the District has committed a total of \$7.6 million of excess fund balance reserves for future master plan improvement/capital projects, including \$300,000 transferred in fiscal year 2022. This has saved District taxpayers over those nine years, as the District has not had to issue additional debt to do these projects. In fiscal year 2022, an amount of \$2,230,493 was spent on capital outlay for the District's improvement and renovation of parks and facilities.
- The District's outstanding long-term debt as of February 28, 2022 decreased to \$8,010,000 compared to the prior year of \$9,055,000 due to scheduled payments for the Districts two outstanding bond issuances (2015 Refunding Bonds and 2020 G.O. Limited Tax Bonds).

### **Overview of the Financial Statements**

Management's discussion and analysis is intended to serve as an introduction to the District's basic financial statements. These basic financial statements are comprised of three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to basic financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Glencoe Park District's finances, in a manner similar to a private-sector business. The government-wide financial statements include the statement of net position and the statement of activities.

The statement of net position presents information about all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between assets and deferred outflows and liabilities and deferred inflows is reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the net position of the District changed during the current fiscal year. Changes in net position are reported in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement even though the resulting cash flow may be recorded in a future period.

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from the functions that are intended to recover all or a significant portion of their costs through user fees and charges. The District only has governmental activities and does not have any enterprise funds. The governmental activities of the District include Recreation and Interest on Long-Term Debt.

The District has no component units.

#### **Fund Financial Statements**

Fund financial statements are designed to demonstrate compliance with finance-related requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

Governmental funds account for essentially the same information reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financing requirements in the near term.

Since the governmental funds and the governmental activities report information using the same function, it is useful to compare the information presented. Because the focus of each report differs, reconciliation is provided in the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs. The General, Recreation, Debt Service and Capital Projects Funds are categorized as major governmental funds. The District adopts an annual appropriated budget for each of its governmental funds.

### **Notes to the Financial Statements**

The notes to basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information includes budgetary comparison schedules for the General and major special revenue funds. Budgetary comparison schedules for nonmajor funds can be found immediately following the required supplementary information of this report. Combining and individual fund statements and schedules for nonmajor funds are presented in a supplementary information section of this report.

### **Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Glencoe Park District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$35,487,107 as of February 28, 2022. The following presentations provide a comparative summary of net position and changes in net position for fiscal years ended February 28, 2022 and February 28, 2021:

	Net Position		
	2/28/2021 2/29/2020		
Current and Other Assets	\$ 23,704,168	21,617,371	
Capital Assets	 29,707,062	29,043,844	
Total Assets	53,411,230	50,661,215	
Deferred Outflows of Resources	710,749	573,329	
Total Assets and Deferred Outflows of Resources	54,121,979	51,234,544	
	2.520.702	2 002 071	
Current Liabilities	2,520,703	2,092,971	
Long-Term Liabilities	 7,715,704	9,536,473	
Total Liabilities	10,236,407	11,629,444	
Deferred Inflows of Resources	8,398,465	7,516,477	
Total Liabilities and Deferred Inflows of Resources	18,634,872	19,145,921	
Net Position			
Net Investment in Capital Assets	24,879,726	24,226,147	
Restricted			
Special Recreation	180,290	146,249	
Municipal Retirement	204,981	198,276	
Social Security	112,657	85,673	
Liability Insurance	182,867	186,092	
Workers' Compensation	41,064	37,033	
Audit	6,063	4,797	
Debt Service	409,070	351,733	
Unrestricted	9,470,389	6,852,623	
Total Net Position	35,487,107	32,088,623	

By far the largest portion of the District's net position, \$24,879,726 or 70.1% reflects its investment in capital assets (land, buildings, machinery, parks, etc.) less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets in the course of providing services to the public; consequently, those assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion, \$1,136,992 or 3.2% of the District's net position represents resources that are subject to external restrictions on how they may be used including special levies and debt service. The remaining \$9,470,389 or 26.7% represents unrestricted net position and may be used to meet the District's ongoing obligations to citizens and creditors.

Governmental activities increased the District's net position by \$3,398,484 as of February 28, 2022 representing an increase of 10.6% over that reported as of February 28, 2021.

	Changes in Net Position		
2/28/2022 2/28/2021			
\$	6,045,903	5,722,317	
	6,524,194	4,070,951

Total revenues reported an overall increase of \$1,960,205 or 16.8% from February 28, 2021. During fiscal year 2022, total revenues increased significantly compared to the prior year due to resuming programming that was not done in the previous year due to the Covid - 19 pandemic. Property tax revenue increased \$323,586 or 5.7% as of February 28, 2022 from that recorded as of February 28, 2021. The 2020 Tax Levy (for collection in Fiscal Year 2022) was based on a 2.3% increase in the CPI, plus any additional new growth in estimated property value. The 2020 Tax Levy increased the extension by \$142,568 or 3.3% to a total extension for capped funds of \$4,417,875. Also contributing to the increase in property tax revenue was fiscal year 2022 being the first year that property tax revenue was collected for the 2020 G.O. Limited Tax Bonds. Charges for services related to and beach/boating and ice rink operations increased substantially in fiscal year 2022 by \$291,964 or 69.1%. Both the beach and Watts ice rink moved to a season pass model in fiscal year 2022, which contributed to the increase.

Total expenses recorded as of February 28, 2022 increased by \$1,414,674 or 16.1%, from that recorded as of February 28, 2021. The increase in expenses is due primarily to the increase in Recreation programming expenses. The District did much more recreational programming in fiscal year 2022 as a result of pandemic restrictions easing as evidenced by the increased revenue in the charges for services line item.

### Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental Funds**

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the District's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At February 28, 2022, the Glencoe Park District's governmental funds reported combined fund balances of \$15,306,643, an increase of \$798,947 or 5.5% from February 28, 2021 with the General Fund governing 18.9% of that fund balance. The General Fund reports unassigned fund balance totaling \$2,223,573 which is a decrease of \$476,246 from the prior year. The decrease was due to the commitment of \$600,000 for future master plan improvement/capital projects netted with general Fund's revenues exceeding expenditures in the fiscal year. Overall the General Fund saw an increase of \$183,982 or 6.8% in fund balance after scheduled interfund transfers for capital projects. The increase in the current fiscal year is due in large part to strong performance at the beach and Watts ice rink due to moving to a season pass model.

The Recreation Fund's committed fund balance of \$4,523,689 represents \$850,000 committed for future master plan improvement/capital projects and \$3,673,689 which is committed to recreation and available for spending at the discretion of the District for recreation purposes. Overall the Recreation Fund saw an increase of \$1,180,985 or 34.3% in fund balance. The increase in the current fiscal year is due mainly to increased programming and a shift of property taxes from the General Fund to the Recreation Fund. When the 2020 tax levy was completed in November 2020, the impact of the pandemic on program revenues was still uncertain and thus additional dollars were levied toward the Recreation Fund. This resulted in a 12.1% increase in property tax revenue in the Recreation Fund in fiscal year 2022. In addition, there were no scheduled transfers for future master plan improvement/capital from the Recreation Fund in fiscal year 2022 due to that uncertainty.

The Debt Service Fund reports an increase in fund balance of \$40,983 primarily due to the net change in property tax revenue for anticipated debt service payments. While the levy for the 2015 bonds decreased by \$137,025, fiscal year 2022 was the first year that the 2020 bonds were levied for, which added \$290,918 to the Debt Service Levy. Principal and interest payments also increased by \$70,531 based on the scheduled repayments.

The Capital Projects Fund's fund balance decreased \$676,588 from a fund balance in the prior year of \$7,226,650 to a balance as of February 28, 2022 of \$6,550,062. This is due to the District continuing with various master plan capital projects including the Connect Glencoe Trail, Kalk Park, boating access, and the South Overlook.

Fund balance totaling \$727,922 is restricted for use by non-major governmental funds. These funds include liability insurance, retirement funding, special recreation and audit. The usage is restricted to the specific purpose intended and may not be used to fund other undertakings. Special recreation fund balance includes amounts earmarked for capital projects dedicated to providing accessibility to buildings and facilities by individuals with disabilities under the Americans with Disabilities Act (ADA) of 1990.

### **Budgetary Highlights**

The original budget adopted by the Board was amended during the year-ended February 28, 2022. The original budget of the General Fund was \$3,320,467 compared to a final budget of \$2,452,187. This \$868,280 reduction was to reduce expenditures for costs incurred in other funds.

#### **General Fund**

The General Fund is reported as a major fund, and accounts for the administrative and park maintenance operations of the District, as well as the operation of the Watts ice rink and the Safran Beach House/Perlman Boat House.

Revenues in the General Fund were \$3,250,473, which was \$404,506, or 14.2% over budget. The main reason for the revenues exceeding budget is the strong performance of the beach and Watts ice rink. The move to a season pass model had a significant impact on overall revenues. Expenditures were \$2,266,491, which was \$185,696, or 7.6% under budget. Park maintenance expenditures were \$86,150 below what was budgeted. The actual expenditures were lower than budgeted expenditures due to inability to fully staff part-time and seasonal positions due in large part to the ongoing labor shortage. Capital outlay in the General Fund was \$55,576 below what was budgeted, mainly due to ice rink equipment not needing replacement.

### **Capital Asset and Debt Administration**

### **Capital Assets**

The District's investment in capital assets for its governmental activities as of February 28, 2022, net of accumulated depreciation, amounts to \$29,707,062, an increase of \$663,218 over that reported as of February 28, 2021. This investment in capital assets includes land, construction in progress, buildings, park improvements, furniture and equipment, and transportation equipment with an individual asset cost in excess of \$5,000, the District's capitalization threshold. The District does not own any infrastructure assets.

The Board of Park Commissioners is committed to providing residents with a diversified system of safe, accessible and well-maintained parks. Even with the Covid-19 pandemic, the District completed previously started projects or began new ones deemed essential in the year-ended February 28, 2022. The District completed drain improvements to Kalk Park, renovation of the South Overlook at the beach and reconstruction of the stairway access to the boating beach and boathouse. All other capital items completed by the District were considered routine repair and maintenance, or equipment replacements. Future capital monies for 2022/23 have been identified from the Master Plan and include renovations to the Watts Ice Center, renovations to the Crib/Retaining Wall at the beach and reconstruction of the pier. Additional information regarding capital assets can be found in note 3 to the financial statements.

### **Long-Term Debt**

The District's bond rating was upgraded from Aa1 to Aaa by Moody's Investor Service, Inc. in May 2018, and this rating was reaffirmed in August 2020 before the issuance of \$4.355 million in Limited Tax Bonds.

As of February 28, 2022, the Park District has \$8,010,000 in outstanding general obligation debt. The fund balance of the Debt Service Fund increased \$40,983 from the prior year to \$470,401 as of February 28, 2022. Additional information regarding long-term debt can be found in note 3 to the financial statements.

The outstanding debt has continued to decrease the past sixteen years, after the \$13.755 million in general obligation bonds issued in May 2006. Voters approved a referendum at that time allowing up to \$14 million in debt to be issued for the purpose of expanding, renovating, and equipping the Community Center. These bonds were partially refunded in March 2015.

The 2020 equalized assessed valuation of the Park District is \$950,285,837 (most recent available). On July 18, 1991, the Illinois General Assembly approved the Property Tax Extension Limitation Act 87-17 (the Act). The Act limits the increase in property tax extensions to 5% or the percent increase in the National Consumers Price Index (CPI), whichever is less. The Act applies to the 1994 levy year for taxes payable in 1995 and all subsequent years. Increases above 5% or the CPI must be approved by the voters in a referendum. The Act contains significant limitations on the amount of property taxes that can be extended and on the ability of such taxing districts to issue non-referendum general obligation bonds. The Glencoe Park District was one such entity whose non-referendum bonding authority was impacted.

However, legislation was successfully passed in November, 2003 that addressed the unintended consequences of the property tax cap and authorized the issuance of non-referendum bonds by park districts annually for critical capital improvements, maintenance and repairs based on the 1991 extension for debt service. The District's debt service extension for principal and interest payments in 1991 was \$217,849. Due to the amending legislation passed subsequently, the non-referendum bonding authority which has been restored to the District is now approximately \$290,000 due to an annual CPI factor that is now included.

### **Factors Bearing on the District's Future**

At the time these financial statements were prepared and audited, the District was not aware of a major circumstance which could affect its financial health in the near future. Despite the ongoing Covid-19 pandemic, vaccinations are now widely available and restrictions have mostly been lifted.

Given the District's healthy fund balance levels, which still remain over 50% in both major funds, the Corporate and Recreation Funds, and the District will continue to be well-prepared to face the future. The Glencoe Park District received the National Recreation and Park Agency's Gold Medal in September 2019 for excellence in park and recreation operations in the United States, and as such, District staff will continue to be leaders in the field, and on the forefront of innovation and change in this world we all now live in.

### **Requests for Information**

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Glencoe Park District 999 Green Bay Road Glencoe, IL 60022

# **BASIC FINANCIAL STATEMENTS**

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

**Fund Financial Statements** 

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the Governmental Funds to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended February 28, 2022

Net Change in Fund Balances - Total Governmental Funds	\$	798,947
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital Outlays		1,624,072
Capital Contribution		251,727
Depreciation Expense	(	1,198,986)
Disposals - Cost	`	(81,179)
Disposals - Accumulated Depreciation		67,584
Some revenues not collected as of the year end are not considered available revenues		
in the governmental funds. These are the amounts that were not considered		02.254
available in the current year.		93,254
Deferred outflows (inflows) of resources related to the pensions not reported in the funds.		
Change in Deferred Items - IMRF		(646,382)
Change in Deferred Items - RBP		104,759
The issuance of long-term debt provides current financial resources to		
governmental funds, while the repayment of the principal on long-term		
debt consumes the current financial resources of the governmental funds.		
Change in Compensated Absences Payable		(61,991)
Changes In Net Pension Liability - IMRF		1,475,733
Changes In Total OPEB Liability - RBP		(86,552)
Retirement of Debt		1,045,000
Amortization of Bond Premium		58,320
Amortization of Loss on Refunding		(62,176)
Changes to accrued interest on long-term debt in the Statement of Activities		
does not require the use of current financial resources and, therefore, are not		
reported as expenditures in the governmental funds.		16,354
Changes in Net Position of Governmental Activities		3,398,484

Notes to the Financial Statements February 28, 2022

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Glencoe Park District, Illinois (the District) was established in 1912, and is located in Glencoe, Illinois. The purpose of the District is to provide recreational facilities, activities and programs to its residents, as well as non-residents.

# REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61 "The Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

#### **BASIS OF PRESENTATION**

#### **Government-Wide Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (culture and recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, charges for services, interest income, etc.).

The District does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating departments that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Notes to the Financial Statements February 28, 2022

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### **BASIS OF PRESENTATION - Continued**

#### **Fund Financial Statements**

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. The District's funds are all governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all governmental funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

#### **Governmental Funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

*General fund* is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains nine special revenue funds. The Recreation Fund, a major fund, is used to account for the operations of the recreation programs offered to residents. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Capital Projects Fund, a major fund, is used to account for the financial resources acquired through a bond issue and/or an interfunds transfer received from the Corporate (General) Fund which are to be used for capital improvements to existing park facilities and for new and replacement maintenance equipment for the general upkeep of all parks within the District.

Notes to the Financial Statements February 28, 2022

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### **Measurement Focus**

On the government-wide Statement of Net Position and the Statement of Activities, governmental funds are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus is utilized.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/ deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the "economic resources" measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

#### **Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

Notes to the Financial Statements February 28, 2022

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

# ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

#### **Cash and Investments**

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value.

For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

# **Prepaids**

Prepaids are valued at cost, which approximates market. The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Such amount are offset by nonspendable fund balance in the fund financial statements.

# **Capital Assets**

Capital assets purchased or acquired with an original cost of more than \$5,000 are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Building 30 Years
Improvements 30 Years
Furniture and Equipment 5 Years

Notes to the Financial Statements February 28, 2022

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

# ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

# **Interfund Receivables, Payables and Activity**

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

## **Compensated Absences**

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

# **Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

# **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Notes to the Financial Statements February 28, 2022

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

# ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates

#### **Net Position**

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

# NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **BUDGETARY INFORMATION**

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the general, special revenue and debt service funds. Project-length financial plans are adopted for all capital project funds.

By December, all departments of the District submit their budget requests to the Finance Department so that a comprehensive budget may be prepared. Both the budget and appropriation are prepared by fund, function and activity, and include information on the past year, current year estimates and budget request for the new fiscal year.

By early February, the First Budget Draft is presented to the Finance Committee of the Whole for review. The Approval Draft of the budget is adopted at the March or April board meeting. Thirty days prior to the scheduled meeting date, a notice is published disclosing the availability of the tentative Budget and Appropriation Ordinance and the date of the public hearing. The Budget and Appropriation Ordinance is approved after the April or May board meeting.

Notes to the Financial Statements February 28, 2022

# NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

#### **BUDGETARY INFORMATION - Continued**

The budget is an estimate of actual expenditures and the appropriation represents the legal spending limit. All appropriated amounts lapse at the end of the fiscal year. Spending control for funds is established by the amount of the total appropriation for the fund, but management control is exercised at appropriation line item levels. Budget figures do not include transfers to other funds. The District had one budget amendment during the year.

# EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget, but not over the appropriation, for the fiscal year:

	Final	
Fund	Budget	Actual
Recreation	\$ 5,747,566	5,826,813
Social Security	301,000	301,690

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS**

#### **DEPOSITS AND INVESTMENTS**

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, the Illinois Funds, the Illinois Park District Liquid Asset Fund, and IPRIME.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Park District Liquid Asset Fund (IPDLAF) allows Illinois Park District, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Fund is not registered with the SEC as an investment company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

Notes to the Financial Statements February 28, 2022

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **DEPOSITS AND INVESTMENTS - Continued**

The Illinois Public Reserves Investment Management Trust (IPRIME) is an investment opportunity and cash management service for Illinois Municipal Treasurers acting on behalf of counties, townships, cities, towns, villages, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, and all other political corporations or subdivisions of the State of Illinois. Participation in IPRIME is voluntary. IPRIME is not registered with the SEC as an Investment Company. Investments in IPRIME are valued at the share price, the price for which the investment could be sold.

At year-end, the carrying amount of the District's deposits totaled \$2,163,534 and the bank balances totaled \$2,454,105. Additionally, at year-end, the District has \$5,299,241 invested in the Illinois Funds, \$4,436,959 invested in the Illinois Park District Liquid Asset Fund, and \$5,552,781 invested in IPRIME, which all have an average maturity of less than one year.

# Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District limits its exposure to credit risk by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government. At year-end, the District's investments in the Illinois Funds, the Illinois Park District Liquid Asset Fund, and IPRIME were rated AAAm by Standard & Poor's.

Concentration Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not mitigate concentration risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral of all bank balances in excess of federal depository insurance with the collateral held by a third party in the District's name. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The District's investment policy does not mitigate custodial credit risk for investments. At year-end, the District's investments in the Illinois Funds, the Illinois Park District Liquid Asset Fund, and IPRIME are not subject to custodial credit risk.

Notes to the Financial Statements February 28, 2022

# **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

#### PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about March 1, and August 1. The County collects such taxes and remits them periodically.

# **CAPITAL ASSETS**

# **Governmental Activities**

Governmental capital asset activity for the year was as follows:

	Beginning			Ending
	Balances	Increases	Decreases	Balances
Nondepreciable Capital Assets				
Land	\$ 2,732,549	_	13,595	2,718,954
Construction in Progress	195,498	280,402	90,516	385,384
	2,928,047	280,402	104,111	3,104,338
Depreciable Capital Assets				
Building	25,162,285	_	_	25,162,285
Improvements	9,806,344	1,269,730	_	11,076,074
Furniture and Equipment	3,704,560	416,183	67,584	4,053,159
	38,673,189	1,685,913	67,584	40,291,518
Less Accumulated Depreciation				
Building	7,389,099	561,244		7,950,343
Improvements	3,430,035	407,925	_	3,837,960
Furniture and Equipment	1,738,258	229,817	67,584	1,900,491
	12,557,392	1,198,986	67,584	13,688,794
Total Net Depreciable Capital Assets	26,115,797	486,927	_	26,602,724
Total Net Capital Assets	29,043,844	767,329	104,111	29,707,062

Depreciation expense of \$1,198,986 was charged to the recreation function.

Notes to the Financial Statements February 28, 2022

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

 Transfers In	Capital Projects Special Recreation		Amount
Capital Projects Capital Projects			200,000 (1) 800,000 (2)
			1,000,000

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the General Fund and Recreation Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

# **LONG-TERM DEBT**

# **General Obligation Bonds**

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. General obligation bonds currently outstanding are as follows:

	Debt	Beginning			Ending
Issue	Retired by	Balances	Issuances	Retirements	Balances
General Obligation Park Refunding Bonds of 2015 - Due in annual installments of \$55,000 to \$1,005,000 plus interest at 3.00% to 4.00% through December 1, 2025		4,700,000	_	875,000	3,825,000
General Obligation Limited Tax park Bonds of 2020 - Due in annual installments of \$170,000 to \$275,000 plus interest at 2.00% to 3.00% through December 1, 2039.		4,355,000	_	170,000	4,185,000
	=	9,055,000		1,045,000	8,010,000

Notes to the Financial Statements February 28, 2022

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **LONG-TERM DEBT - Continued**

# **Long-Term Liability Activity**

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
1,700 01 2000	Bulances	1 Idditions	Beddetions	Balances	
Governmental Activities					
Compensated Absences	\$ 80,279	123,982	61,991	142,270	28,454
Net Pension Liability/(Asset) - IMRF	803,594	_	1,475,733	(672,139)	
Total OPEB Liability - RBP	205,418	86,552		291,970	
General Obligation Bonds	9,055,000	_	1,045,000	8,010,000	1,095,000
Plus: Unamortized Premium	453,238		58,320	394,918	_
	10,597,529	210,534	2,641,044	8,167,019	1,123,454

For the governmental activities, the compensated absences, the net pension liability and the total OPEB liability are generally liquidated by the General Fund and Recreation Fund. Payments on the general obligation bonds are made by the Debt Service Fund.

# Legal Debt Margin

Chapter 70, Section 1205/6-2 of the Illinois Compiled Statutes provides "...for the payment of land condemned or purchased for parks or boulevards, for the building, maintaining, improving and protection of the same and for the payment of the expenses incident thereto, or for the acquisition of real estate and lands to be used as a site for an armory, any park district is authorized to issue the bonds or notes of such park district and pledge its property and credit therefore to an amount including existing indebtedness of such district so that the aggregate indebtedness of such district does not exceed 2.875% of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the issue from time to time of such bonds or notes or, until January 1, 1983, if greater, the sum that is produced by multiplying the district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, if a petition, signed by voters in number equal to not less than 2% of the voters of the district, who voted at the last general election in the district, asking that the authorized aggregate indebtedness of the district be increased to not more that .575% of the value of the taxable property therein, is presented to the Board and such increase is approved by the voters of the district at a referendum held on the question."

Notes to the Financial Statements February 28, 2022

# **NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued**

# **LONG-TERM DEBT - Continued**

# **Legal Debt Margin - Continued**

Assessed Valuation - 2020	\$ 950,285,837
Legal Debt Limit - 2.875% of Assessed Value	27,320,718
Amount of Debt Applicable to Limit	8,010,000
Legal Debt Margin	19,310,718
Non-Referendum Legal Debt Limit	
0.575% of Assessed Valuation	5,464,144
Amount of Debt Applicable to Debt Limit	4,185,000
Non-Referendum Legal Debt Margin	1,279,144

# **Debt Service Requirements to Maturity**

The annual debt service requirements to maturity, including principal and interest, are as follows:

	General					
Fiscal		<b>Obligation Bonds</b>				
Year		Principal	Interest			
2023	\$	1,095,000	222,900			
2024		1,135,000	182,900			
2025		1,175,000	139,450			
2026		1,210,000	104,200			
2027		210,000	67,900			
2028		215,000	63,700

2038		265,000	16,200			
2039		270,000	10,900			
2040		275,000	5,500			
Totals		8,010,000	1,181,450			

Notes to the Financial Statements February 28, 2022

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of February 28, 2022:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 29,707,062
Plus:	
Unamortized Loss on Refunding	248,703
Unspent Bond Proceeds	3,387,988
Less Capital Related Debt:	
Retainage Payable	(59,109)
General Obligation Refunding Bonds of 2020	(4,185,000)
General Obligation Refunding Bonds of 2015	(3,825,000)
Unamortized Premium	 (394,918)
Net Investment in Capital Assets	 24,879,726

# FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

*Nonspendable Fund Balance.* Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Notes to the Financial Statements February 28, 2022

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **FUND BALANCE CLASSIFICATIONS - Continued**

*Unassigned Fund Balance*. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's fund balance policy states that the General Fund should maintain a minimum unrestricted fund balance equal to six months of budgeted operating expenditures. Fund balances in excess of the six-month operating reserve level may be transferred to the Capital Projects Fund at the discretion of the Board. The District's policy states that the special revenue funds should maintain a minimum restricted fund balance equal to six months of budgeted operating expenditures.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

		Special				
		Revenue	Debt	Capital		
	 General	Recreation	Service	Reserves	Nonmajor	Totals
Fund Balances						
Nonspendable

#### **NOTE 4 - OTHER INFORMATION**

#### RISK MANAGEMENT

# Park District Risk Management Agency (PDRMA)

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since 1985, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect as of January 1, 2021 to January 1, 2022:

		PDRMA Self-

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2020 and the statement of revenues and expenses for the period ending December 31, 2020. The District's portion of the overall equity of the pool is 0.896% or \$508,497.

Deferred Inflows of Resources - Pension	404,213
Total Net Position	49,353,101
Operating Revenues	19,983,615
Nonoperating Revenues	6,014,647
Expenditures	20,463,511

Notes to the Financial Statements February 28, 2022

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### **RISK MANAGEMENT - Continued**

# Park District Risk Management Agency (PDRMA) - Continued

Since 89.98% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available

#### Park District Risk Management Agency (PDRMA) Health Program

Since May 1, 2015, the District has been a member of the Park District Risk Management Agency (PDRMA) Health Program, a health insurance pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2020 and the statement of revenues and expenses for the period ending December 31, 2020.

Assets	\$ 29,550,609
Deferred Outflows of Resources - Pensions	435,241
Liabilities	5,326,323
Deferred Inflows of Resources - Pension	342,350
Total Net Position	24,317,177
Operating Revenues	34,484,852
Nonoperating Revenues	1,999,072
Expenditures	32,395,210

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

Notes to the Financial Statements February 28, 2022

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### CONTINGENT LIABILITIES

# Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the District.

#### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government or state of Illinois. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

# **Illinois Municipal Retirement Fund (IMRF)**

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

#### **Plan Descriptions**

*Plan Administration*. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Notes to the Financial Statements February 28, 2022

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

# **Plan Descriptions - Continued**

Benefits Provided. IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Plan Membership.* As of December 31, 2021, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	56
Inactive Plan Members Entitled to but not yet Receiving Benefits	133
Active Plan Members	75
Total	264

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended February 28, 2022, the District's contribution was 11.62% of covered payroll.

Net Pension Liability/(Asset). The District's net pension liability/(asset) was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Notes to the Financial Statements February 28, 2022

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

# Illinois Municipal Retirement Fund (IMRF) - Continued

# **Plan Descriptions - Continued**

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2021, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age
	Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.25%
Inflation	2.25%

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Notes to the Financial Statements February 28, 2022

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

# Illinois Municipal Retirement Fund (IMRF) - Continued

# **Plan Descriptions - Continued**

Actuarial Assumptions - Continued.

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	25.00%	2.00%
Domestic Equities	39.00%	4.50%
International Equities	15.00%	5.75%
Real Estate	10.00%	5.90%
Blended	10.00%	4.30% - 8.10%
Cash and Cash Equivalents	1.00%	1.70%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

# **Discount Rate Sensitivity**

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability/(asset) of the District calculated using the discount rate as well as what the District's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
	(6.25%)	(7.25%)	(8.25%)
			_
Net Pension Liability/(Asset)	\$ 1,262,882	(672,139)	(2,185,220)

#### OTHER POST-EMPLOYMENT BENEFITS

#### General Information about the OPEB Plan

*Plan Description*. The District's defined benefit OPEB plan, District's Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

*Benefits Provided*. RBP provides healthcare, dental, and vision benefits for retirees and their dependents. Retirees and spousal/dependent may continue these benefits through COBRA provisions until the Medicare age. Retirees may not continue on the healthcare plan once Medicare eligible.

*Plan Membership.* As of September 30, 2021, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	3
Inactive Plan Members Entitled to but not yet Receiving Benefits	
Active Plan Members	34
Total	37

# **Total OPEB Liability**

The District's total OPEB liability was measured as of September 30, 2021, and was determined by an actuarial valuation as of February 28, 2022.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the February 28, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.25%

Salary Increases 2.89% to 9.85%

Discount Rate 2.26%

Healthcare Cost Trend Rates Medical 6.00% graded to 4.50% over 15 years and Prescription Drug

7.00% graded to 4.50 over 17 years

Retirees' Share of Benefit-Related 100% of projected health insurance premiums for retirees

Notes to the Financial Statements February 28, 2022

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### OTHER POST-EMPLOYMENT BENEFITS - Continued

# **Total OPEB Liability - Continued**

Discount rates are based on the General Obligation Municipal Bond Rate as of September 30, 2021.

Mortality rates are based on the Pub-2010 General Healthy Retiree Headcount-Weighted Below-Median Income Mortality Tables adjusted by 106% for males and 105% for females projected generationally using Scale MP-2020.

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended February 28, 2022, the District recognized OPEB revenue of \$29,830. At February 28, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Г	Deferred	Deferred	
	Ou	ıtflows of	Inflows of	
	R	esources	Resources	Totals
Difference Between Expected and Actual Experience	\$	174,570	_	174,570
Change in Assumptions		585	(31,552)	(30,967)
Net Difference Between Projected and Actual				
Earnings on Pension Plan Investments				
Total Expenses to be Recognized in Future Periods		175,155	(31,552)	143,603
OPEB Contributions Made Subsequent				
to the Measurement Date			<u> </u>	
Total Deferred Amounts Related to OPEB		175,155	(31,552)	143,603

Notes to the Financial Statements February 28, 2022

#### **NOTE 4 - OTHER INFORMATION - Continued**

#### OTHER POST-EMPLOYMENT BENEFITS - Continued

# OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - Continued

There are no employer contributions made subsequent to the measurement date. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	1	Net Deferred	
Fiscal		Outflows	
Year	C	of Resources	
2023	\$	16,297	
2024		16,297	
2025		16,297	
2026		16,297	
2027		16,297	
Thereafter		62,118	
Total		143,603	

#### **JOINT VENTURE**

# Northern Suburban Special Recreation Association (NSSRA)

The District, along with nine other park districts, two Cities, and one Village, has entered into a joint agreement to provide cooperative recreational programs and other activities for handicapped and impaired individuals. Each member agency shares equally in the Association and generally provides funding based on up to .0400 cents per \$100 of its equalized assessed valuation. The District contributed \$119,792 to NSSRA during the current fiscal year. The District does not have a direct financial interest in the NSSRA and, therefore, its investment therein is not reported within the financial statements. Upon dissolution of NSSRA, the assets, if any, shall be divided among the members in accordance with an equitable formula as determined by a unanimous vote of the Board of Directors of the Association.

A complete, separate financial statement for the Association can be obtained from the Association's administrative offices at 1221 County Line Road, Highland Park, IL 60035.

# REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule Employer Contributions Illinois Municipal Retirement Fund
- Schedule of Changes in the Employer's Net Pension Liability/(Asset) Illinois Municipal Retirement Fund
- Schedule of Changes in the Employer's Net Pension Liability Retiree Benefit Plan
- Budgetary Comparison Schedules Major Funds General Fund Recreation - Special Revenue Fund

Notes to the Required Supplementary Information

Budgetary information - budgets are adopted on a basis consistent with generally accepted accounting principles.

#### OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
- Combining Statements Nonmajor Governmental Special Revenue Funds
- Budgetary Comparison Schedules Nonmajor Governmental Special Revenue Funds
- Consolidated Year-End Financial Report

#### INDIVIDUAL FUND DESCRIPTIONS

#### GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund.

#### SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

#### **Recreation Fund**

The Recreation Fund is used to account for the operations of the recreation programs offered to residents including the operation of the Takiff Center. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing.

#### **Special Recreation Fund**

The Special Recreation Fund is used to account for the Special Recreation operations (NSSRA) of the District. Financing is provided by a specific annual tax levy.

#### **Social Security Fund**

The Social Security Fund is used to account for the specific levy of taxes to fund payments to the federally administered social security program.

#### **Retirement Fund**

The Retirement Fund is used to account for the specific levy of taxes to fund payments to the Illinois Municipal Retirement Fund.

#### **Liability Insurance Fund**

The Liability Insurance Fund is used to account for the operations of the District's insurance and risk management activities. Financing is provided by a specific annual levy.

#### **Workers' Compensation Fund**

The Workers' Compensation Fund is used to account for the revenue and expenditures of an annual property tax levy for the payment of premiums of workers' compensation insurance by the District.

#### INDIVIDUAL FUND DESCRIPTIONS

#### **SPECIAL REVENUE FUNDS - Continued**

#### **Audit Fund**

The Audit Fund is used to account for the expenditures related to the District's annual audit. Financing is provided by a specific annual tax levy.

#### **DEBT SERVICE FUND**

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

#### CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for the financial resources acquired through a bond issue, donations, and/or an interfunds transfer received from the Corporate (General) Fund and Recreation Fund which are to be used for capital improvements to existing park facilities and for new and replacement maintenance equipment for the general upkeep of all parks within the District.

# STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

#### Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

#### Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

#### Operating Information

These schedules contain service and capital asset data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.
