

**GLENCOE PARK DISTRICT WATTS ADVISORY GROUP**  
**Tuesday, April 22, 2019 – 7:00 PM**  
**Watts Ice Center**

Consistent with the requirements of the Illinois Compiled Statutes  
5 ILCS 120/1 through 120/6 (Open Meetings Act), notices of this meeting were posted.  
Location of the meeting is Watts Ice Center, 305 Randolph Street, Glencoe, IL 60022

**AGENDA**

- I. Call to Order
- II. Introductions
- III. Approval of Meeting Minutes – September 27, 2016
- IV. Review of 2018-2019 Watts Report
- V. 2018-2019 Survey Results
- VI. Planned Facility Improvements
- VII. Planned Operational/Program Improvements
- VIII. Watts Advisory Feedback
- IX. Matters from the Public
- X. Other
- XI. Adjourn

The Glencoe Park District is subject to the requirements of the Americans with Disabilities Act of 1990. Individuals with disabilities who plan to attend this meeting and who require certain accommodations in order to allow them to observe and/or participate in this meeting, or who have questions regarding the accessibility of the meeting or facilities, are asked to contact the Park District at 847-835-3030. Executive Director E-mail address: [lsheppard@glencoeParkDistrict.com](mailto:lsheppard@glencoeParkDistrict.com)

MINUTES OF SEPTEMBER 27, 2016 WATTS ADVISORY GROUP MEETING  
GLENCOE PARK DISTRICT  
WATTS ICE CENTER, 305 RANDOLPH STREET, GLENCOE, ILLINOIS 60022

The meeting was called to order at 7:00 p.m. and roll was called.

Members present: Commissioner Seth Palatnik, Commissioner Steve Gaines, Hilary Lee, Jack Weinberg; Members absent: Michael Glass, Patty Talbot, Steve Norhad; Staff present: Bobby Collins, Watts and Beach Facility Manager; Michael Lushniak, Director of Recreation and Facilities; Members of the public present: None

Introduction: Staff and committee members introduced themselves to one another and shared what they liked most about the Watts Center as well as on areas they would like to see improved.

Approval of the Minutes: The minutes of the September 29, 2015 Watts Advisory Group Meeting was approved by unanimous voice vote.

Review of 2015-16 Watts Report: Staff reviewed the 2015-16 Watts Report that summarized the 2015-16 rink operational season. Staff highlighted both positive and downward trends based on report information as well as some ideas on how to improve these areas. Group members commented on areas where there is potential for growth and operational improvement.

Watts Brochure Information: Information from the Glencoe Park District Fall Brochure and Glencoe Quarterly were presented to the group. Staff highlighted noteworthy items in the marketing publications such as transition of skating classes to a United States Figure Skating based program curriculum and the addition of more public skate and drop-in hockey times. Members suggested maintaining special events that are very popular and to investigate other special event opportunities with teens and families.

Planned Facility Improvements: A list of planned facility improvements for the 2016-17 season were reviewed with staff and group members. In regard to a question about the cooling floor leak, staff communicated that a company had been contracted to find the leak, but was unable to detect any issues because of its small size and the fact that the system was not running. Glycol will be added prior to the start of the season and another attempt will be made to detect the leak when the system is operating.

Planned Operational/Program Improvements: Staff reviewed a list of planned facility operation and program improvements for the upcoming season including adding more public skate and drop-in hockey times, transition from tokens to scannable passes, and an increase in staff training on being more customer-focused and visible in operation.

Other: Staff communicated that on February 26, Glencoe Park District will have 12 skaters from their hockey programs participating in an intermission relay race at the United Center during a Blackhawks game.

Adjourn: The meeting was adjourned at 8:34 p.m. by unanimous voice vote.

Respectfully Submitted,

---

Mike Lushniak, Director of Recreation and Facilities

# WATTS RECREATION CENTER

*2018-19 Annual Report*

The following report outlines the operation of the Watts Recreation Center, a Glencoe Park District facility, during the 2018-19 Fiscal Year. The report reviews operations using historical data, financial and participation information, as well as participant feedback and review of operation procedures.

Bobby Collins, Director of Recreation and Facilities  
Adam Wohl, Takiff and Watts Facility Manager

# Watts Recreation Center

## Introduction

This annual report is an overview of the facility, programming information, operations, and financial data for the Watts Recreation Center during the 2018-2019 fiscal year. The Watts Recreation Center is comprised of a programming room, recreation room, outdoor full ice rink, and outdoor studio ice rink. The facility offers additional amenities including skate rentals, skate sharpening, two locker rooms, basic pro shop items for sale, and vending machines.

## Facility Staffing and Training

The Watts Recreation Center is overseen by the full time Takiff and Watts facility manager, held by Adam Wohl for the 2018-19 season. Adam completed his second year of operating Watts. This position oversees the all-encompassing operations of the recreation facility. Additionally, assistant managers Ann Scheuer, Ashton Schardt, Peter McHugh, Doug Moline, Tom Cierniak, and Rick Tomei helped with private room rentals, ice rentals, and training.

Park maintenance staff also played a significant role in staffing the Watts Center. Our maintenance staff was responsible for ice maintenance Monday-Friday prior to opening. Members of the facilities staff also played a significant role in cleaning the facility and clearing snow in conjunction with part-time staff.

The Watts Ice Center is heavily dependent on part-time seasonal staff to operate the rink on nights and weekends. Part-time positions consist of cashiers, party attendants, skate guards, and assistant managers. Assistant managers are a key part-time position and were staffed on weekday afternoons, evenings, and on weekends to operate the Zamboni, oversee facility operations, respond in the event of an emergency or injury, follow cash handling procedures, oversee other part-time staff, and perform routine cleaning of the facility.

Preseason training sessions were held before the 2018-19 season for all staff working at the Watts Ice Center. This year each manager also received a compressive training to operate the Zamboni to ensure the ice was always in the best possible condition. Five sessions of training were held for all Zamboni Drivers. These were conducted by the full-time staff for part-time assistant managers. This training covered topics including Zamboni operation, facility cleaning, and ice maintenance expectations. Additionally, preseason training was held for each specific position at the rink including front desk staff and skate guards. Topics of these trainings included job specific duties, safety and risk management, RecTrac registration software training, and customer service.

## Marketing & Promotion

### Signage

With two screens at Watts to convey scheduling and pricing information, updating seasonal information is easy and environmentally friendly. Both TVs are integrated with REACH, which links to the RecTrac system and gives Watts a consistent look with the Takiff Center.

Safety signage was added and updated and more snap frames were installed throughout the facility to display photographs of participants. The snap frames allow the photos to be rotated out on a seasonal basis with pictures, promotional materials, and facility information.

### Promotion

Watts Ice Center marketing began with a preview in the fall guide, which included details on season passes, rink rentals, and classes. A 4-page direct mail piece was sent to all residents in late October, with further details on skating classes and hockey programs, as well as season passes and private rentals. This information was also included in the winter guide, which was sent to residents the week before Thanksgiving. Articles were also included in *Inside Glencoe*, which was sent to residents the first week of January.

To prepare for opening weekend, targeted email blasts, social media posts, and signs were created for Takiff Center and Watts Ice Center. This year, opening day was free for all residents and marketed with signs at the park, email blasts, flyers, and media releases.

Throughout the season, marketing staff and Watts's staff sent email blasts targeted to specific audiences to communicate season pass sales, ice rink rentals, skating/hockey classes, Teen Skate Night, winter break activities, as well as Watts Below Zero and the new Blackhawks Alumni Clinic.

Graphics for skating classes, rentals, and passes were included on the Glencoe Park District website and television screens. Information for the season was updated on the website to reflect special events, pricing, and rental possibilities.

In addition to the Park District's general presence on Facebook, Twitter, and Instagram, Watts Ice Center has a Facebook page. Information was shared on both the general social media pages, as well as the specific page, including short videos and photos. We also purchased ads on several seasonal landing pages for the Chicago North Shore Visitor's Bureau, directing interested people to our website, as well as in the New Trier Hockey seasonal guide.

In addition to boosted posts on social media, we ran a Google AdWords campaign, which shows an ad to people interested in ice skating within 6 miles of Watts.

Events were also shared on local media calendars, including the Glencoe Anchor, Glencoe News, and Chicago North Shore Visitors Bureau. Reporters also attended several special events (Opening Day, Watts Below Zero, Teen Skate Night, etc.).

The end of the season extension was communicated using the District's rainout line, which allows us to post messages quickly on the website and social media. It was also shared in an email blast to residents and in media articles.

## Facility Upkeep and Improvements

### *Facility Repairs*

This season, the Parks & Maintenance Department continued to place a strong emphasis on the appearance of the Watts facility. In an effort to make improvements to the Kid's Club entrance at Watts, an awning and new LED exterior light were installed as well as new exterior doors in the Kid's Club classroom. Finally, repairs were made to the adjacent asphalt pathway.

The interior of the facility received a paint job and the dasher boards repaired. The dasher boards have reached the end of their useful life; staff makes repairs with Bondo, plastic filler, and colored tape.

The exhaust chimney on the water heater in the Zamboni room required replacement this winter, it collapsed and vented exhaust fumes into the Zamboni room.

### *Refrigeration Repairs*

Multiple repairs were necessary to the refrigeration system to continue to operate the facility. Early in the season, repairs were made to the cooling tower, including installing a new float and valve kit. In addition, safety relief valves were rebuilt on the compressors.

By replacing these components, all three compressors continued to function throughout the entire season.

### *Facility Improvement*

All four large rooftop heaters/air conditioners were replaced this season with no interruption in service to facility users. The previous units had reached the end of their useful life.

## On-Ice Programming

There is a wide variety of programming opportunities available both on and off the ice at the Watts Ice Center. On the ice, figure skating and hockey lessons are available for novice and intermediate youth skaters and hockey players as well as adults. The Watts skating program follows The United States Figure Skating Association (USFS) class offerings and curriculum. Watts Ice Center offers USFS levels for skaters ages 3-14 and adults. The programs range from introductory to intermediate skating experience. Classes are divided into progressive levels allowing children to learn the fundamentals of skating with peers who have similar skating abilities.

In the event that a group of skaters were unable to attend the lessons offered at their level, instructors and rink management provided a personal experience allowing them to set up a separate lesson at a day and time that worked with their schedule. Pricing for personalized group lessons is similar to traditional classes with a minimum of 6 students.

The Belugas class from Children’s Circle skated at Watts seven times this season. They brought 16 students for a learn-to-skate experience that was very popular with the preschoolers and parents. The PM Kid’s Club program skated during weekday public skate two days per week throughout the season. Throughout the season over 120 students participated in public skate. Many of the skaters also enrolled in skating lessons and visited for public skate throughout the season.

The Watts Ice Center also offers basic hockey classes through partnering with the Minor Hawks program. Classes begin at age three and go up through adult beginner classes for ages 14 and up. The Minor Hawks program offers both learn to skate and beginner hockey classes. These classes set the foundation of learning to play the game and the basic fundamentals associated with hockey. In addition, intermediate and advanced classes are offered to teach young players teamwork, game play, and rules through cross-ice practices and innovative drills. Our new hockey instructor, Dave Melone, has brought an exciting new outlook on the program. We are eager to introduce new hockey related programming in the 2019-20 season.

This season saw a dip in participation in the Glencoe Park District hockey program. Both revenue and participation was lower than the previous two seasons. Revenue decreased to \$2,793 from \$4,125 in 2017-18. Participation numbers were 31 compared to 43 in the previous year. This year we had 12 students participate in a Chicago Blackhawks Alumni Clinic. This had former Stanley Cup Winner Jamel Mayers on the rink skating and giving tips to participants. Hockey staff is exploring new hockey programming for the 2018-19 season and ways to reinvent the program.

## Public Skate and Open Hockey

Public Skate and Open Hockey are the most popular programs offered at the Watts Ice Center. For a complete weekly schedule of drop in program times, please see Appendix A. Public Skate offers unstructured skating time where members of the community can enjoy skating in the outdoors on the main or studio rink. Skaters can purchase a season pass for \$64 (+ \$30

per additional family member) from 10/1-11/23 or \$80 (+ \$35 per additional family member) from 11/24-2/28. If skaters don't purchase a season pass the daily admission fee is \$8 for adults and \$6 for kids. Public Skate is staffed by skate guards as well as a front desk attendant who issues rental skates for a cost of \$4. Public Skate revenue followed the same trend as last year with an increase in daily attendance to the Watts Ice Center during the 2018-19 year. The number of season passes sold was slightly

lower than 2017-18. Staff will be examining ways to increase both pass sales and daily revenue for Public Skate moving forward. Due to a colder winter in 2018-19, it is expected more passes will be sold in 2019-20.

Drop in hockey programs at the Watts Ice Center has taken on many different forms and has grown in

success over the past few years. Open Hockey allows players of varying age groups to hit the ice and either partake in a scrimmage game or practice skills in an unstructured environment. Helmets and sticks are required for all hockey players and additional pucks, laces, and tape are also sold at the front desk. Players can either purchase a 10-punch pass for \$69 or pay the daily admission fee of \$8. Watts also offered Adult scrub, which is a pickup game for 30+ year olds every Saturday and Sunday morning (max: 24 people). The 2018-19 rink season offered almost 42 hours of drop in hockey during a regularly scheduled week and 36 hours of Public Skate each week.

The trends for drop in hockey show an increase in revenue and usage year over year. A large part of this increase this year was a focus on revenue collection. Front desk staff

took a firm approach to ensure everyone on the ice had paid admission to skate. Staff will continue to look for ways to encourage growth in this area. While adding more time for drop in hockey may or may not be possible, the ability to open up current sessions for a wider variety of ages might continue usage and revenue trends in the upward direction.

### Private Ice Rentals

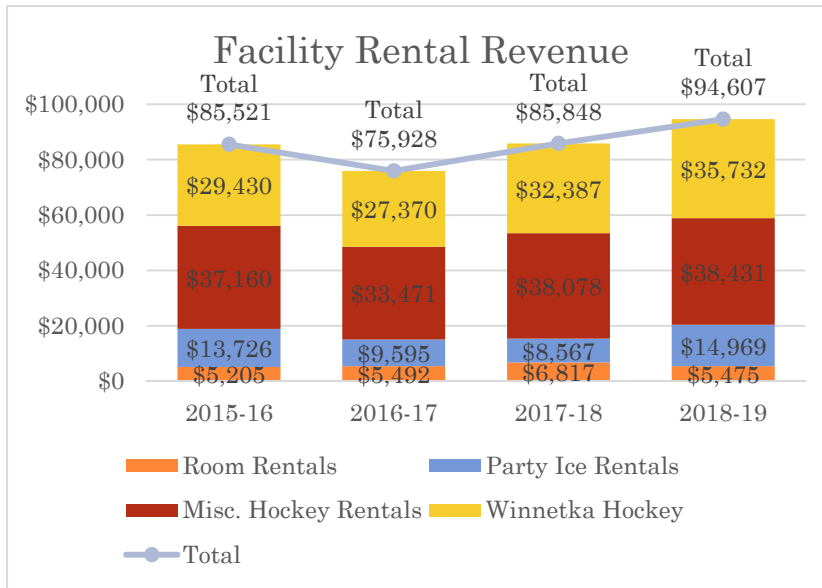

The Watts Ice Center is available for private use in addition to Glencoe Park District run programs and ice slots. The chart below indicates pricing of the ice rink in the 2018-19 season.

2018-19 Watts Hourly Ice Rink Rental Pricing

	Residents	Non-Residents
<b>Main Rink</b>	\$276	\$303
<b>Studio Rink</b>	\$165	\$180

*\*Consistent weekly renters receive a discounted price of \$249 for the main rink.*

There are a number of rental groups that use the facility on a consistent basis. The largest rental group is the Winnetka Hockey Club, who uses the ice for overflow games and practice times for their teams outside of their home rink. Other hockey organizations that also rent ice include Glass Hockey, Mother Puckers, Wilmette Cougars, Harrison/Talbot Hockey, Moline Hockey, and Kelly Hockey. In addition to hockey club rentals, Watts Ice Center books private rentals. Consistent groups rent the rink week after week to play pick-up hockey games with friends. Private rentals also come in the form of one time rentals for special events, private parties, or pick-up hockey groups. Additional amenities such as broomball equipment (\$25) are also offered. Renters may choose to rent the entire facility (\$2000) or purchase a party package (\$291/318 R/NR) that includes one hour on the studio rink and 2 hours in the rec room. The Recreation Room is available for private rentals. The room rents for \$85/hour with the option for liquor liability to be purchased for an additional charge of \$175 and kitchen use for \$25.

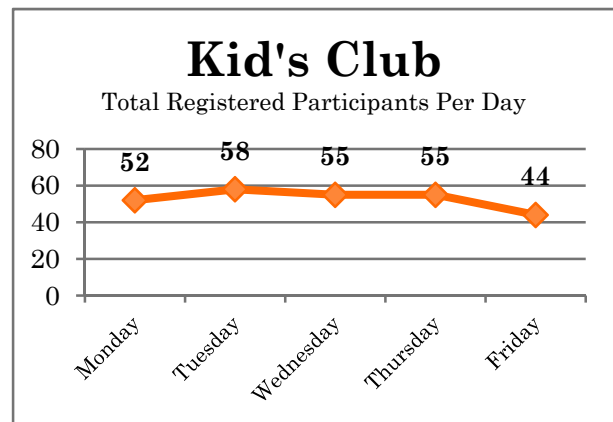

The current ice rental revenue is trending upwards this past season due to the colder winter. The only difference was seen in 2016-17 due to the challenging weather conditions and early closure. Additionally, Winnetka continues to scale back their rental hours due to a recently added outdoor ice sheet that was installed in that community. Staff is looking for ways to offset this loss in revenue either through finding new renters

to purchase unfilled ice or develop in-house programming to ensure ice is scheduled and used efficiently. Staff is looking at expanding hockey, broomball, and scrub hockey options for the 2019-20 season to improve ice utilization.

## Non-Ice Programming Usage

### Kid's Club

In the fall, winter and spring, the programming room is booked with the before and after school care Kid's Club program. This program runs from 7- 9 AM in the mornings and 3-6:30 PM in the evenings. This is the second year the program has been housed in the Watts program room. The proximity to South School has increased participation. In its current configuration, the maximum number of participants per day is 45 students. There are 44 total students enrolled in PM Care and 17 in AM Care. Program Manager Stephani Briskman supervises this growing program. Facility and programming staff are continually exploring ways for this program to accommodate additional participants.

### Youth & Teen Programming

The multipurpose recreation room, which has ballet bars and mirrors, offers a number of programs including Hip Hop Dance, Beginning Ballet, and Little Footlighters. There are currently 127 participants in six different classes. We also hosted a pop up Slime and Skate Party on January 22 that

2018-19 School Year	
Hip Hop (Monday)	36
Ballet (Tuesday)	25
Little Footlighters & Hip Hop (Wednesday)	42
Little Footlighters (Thursday)	24
<b>Total Participants</b>	<b>127</b>

had 24 participants. Participants were able to make their own slime and skate. This is a new trend we are exploring to bring new people into the rink on days off of school.

### Summer Camps

In the summer months, Watts is home to the Action Quest camp that serves participants in grades 6-8. In the summer of 2018, 47 unique campers registered for various weeks of camp during the eight-week program.

Summer 2018	
<b>Weeks 1 &amp; 2</b>	21
<b>Weeks 3 &amp; 4</b>	26
<b>Weeks 5 &amp; 6</b>	30
<b>Weeks 7 &amp; 8</b>	29
<b>Total Participants</b>	106

### Special Events

The Watts Ice Center is home to a number of special events during the ice rink season. Special events are designed to build community through engagement in family friendly activities. Below is a short description of some of the special events enjoyed during the 2018-19 season.

Event	Date	2018-19 Attendance	2017-18 Attendance
Open Day (Free)	November 23	~500	~200
Winter Express	December 1	62 Kids/64 Adults	Not Offered
Teen Ice Night	December 14	117	101
Watts Below Zero	January 21	~250	~300
Teen Ice Night	February 8	70	86

- **Opening Day** (November 23) – This Black Friday event was a well-attended celebration of Watts opening for the season. Many attended the free event which included open skate, broomball on the main rink, and open shoot on the studio rink.
- **Winter Express** (December 1) – Glencoe Park District hosted the first Winter Express event. Participants enjoyed a festive trolley ride while listening to holiday music starting at the Takiff Center to Watts Center. Once they arrive at Watts they visited with Santa, enjoyed a snowman craft, decorated holiday cookies, and drank hot chocolate. On the trolley ride back to Takiff everyone listened to the story of Frosty the Snowman and took home a copy of the book to enjoy.
- **Watts Below Zero** (January 21) – The signature special event at Watts featured ice painting, large inflatable snow globe, and skating. Families enjoyed carnival games, turkey bowling on the practice rink, public skate on the main rink, face painting, DJ, popcorn, cotton candy, visits from Gus the Glencoe Park District mascot, and Tommy Hawk the Chicago Blackhawks mascot.
- **Teen Ice Nights** (December 14 and February 8) – Popular evening out for teens in Glencoe featuring pizza, hot chocolate, s'mores by the fire, and ice skating. Attendance was overwhelming in December and a bit lower in February due to the cold weather. The Park District partners with Glencoe Junior High Project for these special teen nights.

## Patron and Participant Feedback

At the end of each season, staff asks rink users for their feedback about their experience at the facility. Below is some of the feedback received from the member survey:

- “Great facility and well-maintained.”
- “Love everything about it!”
- “As stated before, the staff is awesome. They are always very friendly and helpful. They did an incredible job keeping the ice in good condition despite very challenging weather conditions.”
- “Keep up the great work in maintaining the place. We have enjoyed the company and assistance of super nice people who work in Watts. It feels like home, the Glencoe we know. Thank you!”
- “Coach Dave was excellent!! Great with the kids.”

## Budget and Future Planning

The charts on the previous pages show key budget information including historical data related to the Watts Ice Center. The Watts Ice Center has shown a history of operating at a loss. Staff will continue to seek ways to increase revenues and limit expenses. One financial point of note is the facility still finished with less of a deficit than was budgeted for in the 2018-19 fiscal year.

Staff will continue to make adjustments to skating and hockey programs to find opportunity for growth through current offerings and new ideas. Hockey and Broomball programming appears to be a large potential area for growth. In addition to reviewing programming, a continued effort will be made to streamline the current ice schedule and expand family friendly programming and events. Staff will look to package ice usage more efficiently as well as to look for more consistent weekly ice renters which translates to a more reliable source of revenue. Because of the high cost of maintaining an outdoor ice rink, a well-organized and high use ice schedule will help to offset loss in this operation.

In an effort to limit expenses, staff will continue to evaluate staffing levels and ensure the facility is operated appropriately for the usage at particular times. Unfortunately, the largest amount of expense related to Watts Ice Center is the cost to maintain the ice. The Parks and Facilities team continues to take a very proactive approach to maintaining ice and mechanical equipment to minimize the amount of days the facility is closed.
